Food Training Camp.
Salem, Ore., May 18.—(Special)—With the view of aiding the government in its campaign to increase crop production, and reduce the enormous food waste, A. H. Lea, secretary of the state fair board today wrote Secretary of Agriculture D. F. Houston offering the services of the state fair as a "Food Training Camp." The government, it is believed, will co-operate in the movement by furnishing lecturers demonstrations and exhibits.

ARCADE

WELL KNOWN POLICEMAN BECOMES PARAMOUNT STAR.

Al St. John the Original Film-Cop Makes His First Appearance Under the Banner of Paramount with Roscoe "Fatty" Arbuckle, in "The Butcher Boy."

The original "film-cop" Al St. John, who has made the comedy policeman a famous character, has graduated from that class and will be seen as a co-star of Roscoe "Fatty" Arbuckle, in the first of the series of Paramount Arbuckle Comedies, "The Butcher Boy," which will be shown at the Arcade tonight and tomorrow night. This will be Al's first appearance under the banner of Paramount.

The spectacular rise of Al St. John in the motion picture world is a sterling example to young actors, who have ambitions to be stars. Al was the original Keystone "cop."

"Fatty" Arbuckle discovered Al and took him along with him in the film business. It was in the early days that Al wielded his cop club on the first film police force. After having established the traditions of this famous force he was graduated into more prominent parts.

It was not long before Al's ability as a comedian as well as an acrobat gave him this promotion, and he soon was seen in some important parts. His marked gift of facial contortion also stood him in good stead, being of particular value in screen work, and when "Fatty" came East, Al came along. Al always has proven his value in every picture, doing business

that is uproarious, and he is known everywhere as one of the cleverest comedians that ever appeared in an eccentric make-up.

In "The Butcher Boy" Al has outdone himself, pulling many new stunts that have never before been seen in screen comedies. To him falling and tumbling is a joy, and the fact of the matter is that he has gone through so much of it that he has few whole bones in his body and fewer of his original set of teeth. But with all the knocks and bumps, he would rather be a screen player than a President.

Proper Food for Weak Stomachs.

The proper food for one may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.—Adv.

BLUE MOUNTAINS IMPASSABLE FOR AUTOMOBILES

Pendleton, Ore., May 18.—(United Press)—It will be at least a month before an automobile can be driven over the Blue Mountains, believes R. J. Vennum, who has returned to Pendleton after an unsuccessful attempt to make the trip. Vennum started out from Pendleton with J. E. Blevins in a Knight machine. They were forced to abandon their car five

Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in

the house because I have the most confidence in it." This remedy is also good for colds and croup.—Adv.

RAILROAD NOTES.

What It Means to Farm Company's Right of Way.

The "Right of Way" along the railroad tracks will average fourteen acres to the mile. If the entire right of way along the O. W. R. R. & N. were under cultivation it would mean a farm of 28,000 acres. Some of the company holdings are utilized for station purposes and for other uses. There are other lots and lands susceptible of tillage, so that the farming area is not reduced by the presence of company structures. If this 28,000-acre farm were planted to potatoes, the yield would be 2,730,000 bushels (the ten-year average for the United States being 97.5 bushels per acre.) This crop would weigh 163,800,000 pounds. The market price of 3 1-2 cents per pound would fix the value of the crop today at \$5,733,000. Take any product you please and estimate the quantity that may be grown. Then the value of the offering of the free use of the company's right of way and other lots and lands will be understood.—Pacific Semaphore.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.—Adv.
