THE BEST IS ALWAYS CHEAPEST IN THE END

The value of drugs or of a prescription is not in the price you pay—its in the good they do. The failure of customers to demand drug quality is often responsible for serious results. All drug buyers should know that quality is the true test of cheapness. The same truth also applies to the buying of drug sundries.

Compare our prices with those asked elsewhere and carefully note the comparative quality of goods.

If you pay higher prices than we ask, you pay too much—if you pay less than our prices, you will get inferior quality.

Best quality at lowest cost is a rare combination—but that is just what we offer you.

"READY AND WAITING" SAYS SHERIFF WARNICK

REGISTRATION CARDS, INSTRUCTIONS AND ALL OTHER DATA ALREADY IN HANDS OF SHERIFF

"We are all ready and are waiting for final orders," was Sheriff Warnick's reply today when asked concerning the war census to be taken June 5. "All marshals have responded and are waiting orders with one exception and that is at Medical Springs."

That point in the county being out of the way it has taken some time for final arrangements.

Sheriff Warnick has been supplied with registration cards, instructions to proceed and other data. In fact not only is the war registration board ready, but those between the ages called for in the census are ready and

we are sure each and every man will, without hesitation register at the first opportunity presented. And that in the entire county there will not be one man who will face the charge of a "slacker," which would in these times mean public disgrace and a jail term."
