NEW YORK PETROGRAD BY RAILROAD

Winnipeg, June 11.—(United Press)—A through railway route from the United States to Petrograd by way of Canada.

This ambition of United States capitalists has been outlined in a lengthy report to the Winnipeg Grain Exchange. The scheme has been considered for some time and negotiations with the railway and the governments which will be involved in the project will be opened in the near future.

Increased transportation to the westward without running the risk of submarines sinking ships, and assistance in the war for Russia with munitions and food will result if the proposed connection is established.

The plan provides for a standard railway line, connecting United States roads through British Columbia and Alaska with Behring strait and a line from the Siberian coast to the Trans-Siberian railway.

Large ferries would carry freight and passenger cars across the 56 mile wide strait.

Negotiations have been opened with the Russian Government to improve the Trans-Siberian railway into a modern road instead of a primitive stretch of track overburdened by war transportations. The United States commission to Russia will take up that phase of the proposed line with the new Russian Government.

Men back of the undertaking believe that within a few years an international railway will connect New York with Petrograd. They are taking into consideration the possibility of the war lasting several years. The promoters of the project are satisfied that future benefits would justify the vast financial outlay that will be necessary. They declare that a few years of world peace would make it the most important railway route on earth.

Never Neglect a Cold.

A chill after bathing, cooling off suddenly after exercise and drafts, give the cold germs a foot-hold that may lead to something worse. Safety requires early treatment. Keep Dr. King's New Discovery on hand. This pleasant balsam remedy allays inflammation, soothes the cough and repairs the tissues. Better be safe than sorry. Break up the cold with Dr. King's New Discovery before it is too late. At your druggist, 50c, \$1.00.—Adv.

AMERICANS AT THE FRONT

London, June 11.—Edward Fitzgerald of Pittsburg got into the Canadian Seventh Battalion because he was nearly "dead broke" in Seattle, with only a solitary half-dollar, the property of himself and a pal, Reed Benham of Wenatchee, Wash. "We saw no chance of raising any coin, so we put it up to the half," said Fitzgerald. "It was heads, go to Seattle, tails go to Vancouver and enlist. I spun the half. It came tails. On Easter Monday I got mine at Vimy Ridge. We just stepped over the top and walked along 'hind the barrage. Pretty soon a shrapnel shell busted over me and a chunk hit me in the right forearm, and here I am in Orpington hospital." Fitzgerald is an ex-railroader, formerly with the Monongela. Benham is still in France.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.—Adv.

ARCADE

MARY PICKFORD AT ARCADE TONIGHT AND TOMORROW

As an attraction extraordinary the Arcade theatre tonight and tomorrow, will present Mary Pickford in a new Arcraft picture, "A Romance of the Redwoods," staged under the personal direction of Cecil B. DeMille.

A western subject of full-blooded, dramatic action, the new Pickford vehicle presents "Little Mary" in a role that is entirely different from anything in which she has ever appeared on the screen. The story was written by Mr. DeMille himself in collaboration with Jennie Maeperson and discloses a wealth of typical Pickford incidents of heart appeal. The settings are of the days of '49 during the time of the big gold rush. Mary Pickford, as Jenny Lawrence, a little New England Miss, journeys to the west in search of her only relative, an uncle. Before she is aware of it, she falls in love and as a result, becomes enmeshed in serious complications. Various clever twists to the story afford surprises that add greatly to the general merit of the picture.

"A Romance of the Redwoods" links together the arts of two of the greatest notables in screenland, Mary Pickford and Cecil De Mille. The talents of either one used in connection with the production of a photoplay would mean a subject of unusual merit. The combination of both represents the affiliation of the screen's best artists. Not only is Miss Pickford's wonderful charm included to advantage in her new picture but a dramatic finesse such as she has never before displayed on either stage or screen is also apparent. In addition to this remarkable Pickford characterization there is presented the art of DeMille, creator of "Joan, the Woman," the famous screen spectacle, and other cinema triumphs. Staged at the new Lasky studios in California, the production offers various innovations in motion picture technique that are only possible as a result of the novel installations of this model plant, under the supervision of Mr. De Mille. Supporting the star is an exceptional cast including Elliott Dexter, Charles Ogle, Tully Marshall, Raymond Hatton and Winter Hall.
