You may have your prints just the way that you want them, at the Modern dark room. Cyko, Velox and Azo Papers used in all grades. Expert finishing at Silverthorn's Family Drug store.—Adv. 6-11-1f

Wheat in Good Condition.

Walla Walla, Wash., June 14.—(United Press)—Plenty of moisture and some sunshine during the last two weeks have put the wheat fields throughout this part of the Inland Empire in excellent condition, according to reports here today. Along the Snake river the stand is said to be unusually good, and toward the foothills the wheat is looking fairly well, although excessive rains have done some damage.

A week of rain late in June would do much to help the crop. Alfalfa growers are preparing to start their first cutting this week, weather conditions permitting. It is expected that most of the larger growers will be in the field with their mowers within a few days.

Farmer Can Aid in War.

Portland, Ore., June 14.—(United Press)—The American farmer profiting by reason of the war, can aid the United States in winning the conflict by investing in the Liberty Loan with some of his war-time profits. One Portland market expert has figured that any of the following at present prices would buy a \$50 bond: 90 pounds wool, 90 pounds mohair, 21 bushels wheat, one and quarter tons oats or barley, 17 sacks of potatoes, four sheep, 73 chickens or two yearling calves.

Americans Are Welcomed.

Boulogne, June 13.—(Special)—Another installment of the vanguard of the American Army has arrived in France in the form of 150 ambulance drivers and 75 nurses.

Preceded by a British military band, they marched through the streets to their quarters amid the enthusiastic cheers of the population.

Home Cookery

Cornbread.

Two cupsful of buttermilk, two cupsful of cornmeal, one egg, well beaten; one-half teaspoonful of salt, one teaspoonful of soda, three tablespoonfuls of flour, one tablespoonful of sugar. Put milk and egg into a bowl, add salt, soda, sugar, meal and flour, stirring gradually all the while. Beat for a few minutes. Have a shallow pan well greased and hot, pour in batter and bake fifteen minutes in moderate oven. If batter should be stiff add a little more milk.

Spanish Rice.

Half a pound of rice, two large tomatoes, two ounces of butter, two tablespoonfuls of grated cheese, pepper and salt to taste. Boil the rice tender in salted water. Drain well. Put the butter in a large casserole, melt it, add the sliced tomatoes and fry for five or six minutes. Then add the rice and the grated cheese and toss all well together till very hot. Season to taste with pepper, etc., and serve at once.

Potato Souffle.

Potato souffle is merely fresh mashed potato, hot and seasoned nicely and put into a heated casserole. Upon this pile the whites of two eggs which have been beaten very light. Salt the egg before beating. Set the casserole in the oven to brown the egg delicately. Do not have the oven too hot, and the egg will cook as well as brown.

Rice Pudding.

Wash in three waters a cupful of rice. Put into a six quart kettle three pints of cold water, a teaspoonful of salt, half a cupful of sugar; cover and cook till grains are large and soft. Beat an egg, mix with a cupful of sweet milk, pour in rice and mix thoroughly. When warm or cool serve with or without cream. Use double for a large family.

Baked Tomatoes.

Take large, firm, fairly ripe tomatoes, cut off a slice from the top, sprinkle over the top a generous amount of grated cheese, and over the cheese a slice of bacon. Bake until the bacon is crisp in a hot oven.

Vegetables to Plant

In the June Garden

Many people who have not started a garden this year are wishing that they had, says the Rural New Yorker. As a matter of fact June is ideal in many respects, because the soil is warm and seed does not rot. The growth is quick and vigorous, especially if there are frequent rains. Of course some crops, such as lettuce, radishes, cauliflowers, onions, peas, potatoes, etc., should not be planted.

However, June is a very good time for such crops as string beans, bush limas, beets, cabbage plants, carrots, sweet corn, Hubbard squash and tomato plants. About July 18 cauliflower, Savoy cabbage and celery may be set out, and rutabaga turnips may be planted. About Aug. 1 lettuce, turnips and Black Spanish radishes may be planted, and during the last part of August spinach may be planted for fall and early winter use.

It is quite impossible to draw up an interesting plan showing intercropping at this season of the year, when most of the crops are long growers.

Plant the beans, cabbage, celery, rutabagas, etc., in rows two and one-half feet apart. The tomatoes, sweet corn, squash, etc., will need more room, while the root crops, lettuce and spinach may be planted in rows fourteen inches apart. The late spinach may be planted in that soil where the string beans will have been grown.

War--Vegetables--Cabbage

-INTRODUCTION-
THE CABBAGE FAMILY WAS FIRST INTRODUCED TO US SEVERAL HUNDRED YEARS AGO, WHEN KINGS REIGNED AND KNIGHTHOOD WAS IN FLOWER. ONE NIGHT A NOBLE WHO ANSWERED TO THE COGNOMEN OF KNIGHT HAWK AND WHO DROVE A CARS DISCOVERED A LITTLE PLANT LYING AT THE BOTTOM OF HIS CONVEYANCE. HE BROUGHT IT HOME AND PLANTED IT IN HIS VEGETARIAN INCUBATOR. NOBODY SEEMED TO KNOW THE NAME OF THIS BEAUTIFUL FLOWER, SO KNIGHT HAWK GAVE IT A NAME HIMSELF. AS AUTOS WERE NOT IN VOGUE AT THAT TIME, AND IT BEING THE TIME OF THE CABBAGE, HE NAMED IT CABBAGE BECAUSE IT WAS FOUND IN THE CAB.

COMMON BRUSSELS CABBAGE-SPROUTS
ONLY EATEN BY THE COMMON PEOPLE. THESE ARE KNOWN AS INFANT CABBAGES AND GROW IN BRUSSELS RUGS.

KAISER CABBAGE
IS NOT EASILY DIGESTED. IT CAUSES A RUMPLE IN THE STOMACH.

JERSEY RED HEAD CABBAGE
CAN BE STewed OR PICKLED IF A PUT INTO A CABBAGE OVERNIGHT.

A FARMER HAS TO SOW HIS CABBAGE IN THE GROUND EVERY FALL AND IT WILL SPRING UP SOON AFTER THE HARD WINTER. THE THREAD KEEPS IT FROM BEING BLOWN AWAY BY MARCH WINDS.

A MOST DELICIOUS DISH IS CORNED BEEF AND OLD CABBAGE. KNOWN TO PATRONS OF ALMOST EVERY EATING ESTABLISHMENT AS CORNED BEEF AND GARBARIE (CABBAGE).

Joseph News Items

Joseph, June 11.—(Special)—After several days (in fact nearly a week) of fine weather in Joseph the "worm turned" again back to the unsettled form of which we are so used to.

Rev. A. L. Howarth, a former popular pastor of the Joseph Methodist church, will be in Joseph for the next few days. Rev. Howarth is now a resident of Gooding, Idaho, and is connected with the new college which is being erected there. He will represent that institution while here.

The big band dance which was given by the Joseph Concert band on Friday the 8th was well patronized and taken as a whole was a big success. About seventy dollars in all was netted for the band boys. The money will be used for equipment of the band.

On Tuesday the 12th the big Chautauqua Booster Tour was held to attract the people of the lower part of the valley to the First Joseph Chautauqua which will be held on June 21, 22, 23, 24, 25 and 26. Instead of holding the Chautauqua at the lake as planned it will be held in Joseph.

The home of R. L. Victor which was on Alder Slope burned to the ground late Saturday evening. The fire evidently started from some hot coals which fell from the front of the stove onto some wood. Absolutely nothing was saved and only about six or seven hundred dollars of insurance was carried on it. Mrs. Victor and her two small children were in Joseph visiting her mother at the time and she did not learn of the fire until the next day. Next week operations on a new house will begin.

Rev. F. R. Sibley gave a very interesting lecture-sermon on "Where Did the Bible Come From?" last Sunday evening in the Methodist church. Rev. Sibley explained the origin of the Good Book and then told how and where it was translated up to the time when the King James version came into use about the time of Shakespeare.

The girls who attended the Epworth League convention at Alice and later on the Older Girls conference at La Grande returned home the first of the week and report a fine time. The girls who made the trip were: Misses Emma Shanafelt, Mabel Marr, Evadne McCully, Rue Whitmore, Lucile Pollock and Helen Bogan.

G. I. Ratcliffe, a furniture dealer in Enterprise, was a Joseph visitor the first of the week.

Polk Mays received word last week from Mrs. Grace Muller of The Dalles that a new addition to her family had just arrived in form of a bouncing baby boy. Mrs. Muller is Polk Mays' sister and is well known in Joseph as she lived here for many years.

Shirley, the youngest son of Mr. and Mrs. J. W. Hayes, passed away Friday evening at his home near Joseph. He was born on July 20 in the year 1894 at his parents home which is just west of Joseph. He was truly a native son of Joseph as his boyhood school days were all spent here. He was a member of the class of 1915 in the Joseph high school and while in school he always took an active part in the social life of the school. When in his senior year he was chosen by the student body to be the most popular man in the high school. Death came after a long illness and quietly took this smiling lad to the land where pain and sorrow are not known. Joseph enjoys a light snow now and then just to remind us that winter will come again.

Mrs. A. M. Runnels, of Joseph, Grand Ruth of the Grand lodge of the Eastern Star, left Saturday for Portland to attend the annual meeting of the Order of the Eastern Star which will be held in Portland June 12, 13 and 14.

land to attend the annual meeting of the Order of the Eastern Star which will be held in Portland June 12, 13 and 14.

The fish car "The Rainbow" visits Joseph every few days bringing in literally hundreds of thousands of "Bluebacks" to stock the lake and adjoining streams. The car is sent from the fish hatchery at Bonneville.

H. B. Miller, of Arlington, Oregon, was a Joseph visitor the first of the week.

E. M. Atterbury and family motored in from Roseburg recently with the intentions of settling permanently here. Mr. Atterbury is a carpenter and at present is supervising the building of the Southwestern Lumber company's new lumber yard.

Mrs. Polk Mays is a visitor at Enterprise this week.

The jewelry store which was formerly owned by M. W. Morgan has been purchased by the Morgan Jewelry company of Oakesdale, Washington. This company is composed of M. W. Morgans' two brothers who will operate in both towns.

Dr. Albert Mount reports three births on Saturday, June 9. They were: Born to Mr. and Mrs. Harold Teat, a daughter; Mr. and Mrs. Chas. Bonner, a daughter; Mr. and Mrs. Stanley Legore, a son.

On Saturday the 9th the forms were taken off the big dam at the foot of the lake and water was turned in on it. This dam will control the irrigation system of the Wallowa valley.

Belgian Captives Starve.

Havre, France, June 13.—(Special)—The death by starvation within three months of 500 Belgians interned in Germany is reported in a semi-official statement given out here today.

"According to the information received by the Belgian Ministry of War," the statement says, "Belgian civilians interned in a German camp near Luebeck refused to work. Out of 3000 interned, 500 died of starvation in three months."

You can't Reform Children by Reprimanding Them.

In the June Woman's Home Companion Miriam Finn Scott says:

"Too frequently the attitude of the unthinking father is to reprimand or suppress the child, without giving a thought to the possible cause of the child's irritating fault, or a thought to its possible cure. One day at a beach hotel, a small boy began to boast that he was not afraid to walk into the cold water up to his neck. 'Keep quiet, you know you are a coward. Don't say that again!' said his father sharply.

"To be sure, this boy was a coward, and the father was perhaps justly displeased; but by squelching the boy he certainly did very little to help his son conquer his cowardice. In the first place, the father did not realize that perhaps the boy was not born a coward but probably made one through needless suppression, through meaningless 'don't's.' What he needed now was a stimulus which would encourage him to meet physically that which he only dared face in his imagination; what he needed was sympathy and kindness, and not rebuffs."

Fishing Privileges Given.

Tacoma, Wash., June 14.—(United Press)—After being closed to fishermen for the last three years, the lakes in Rainier National park are open today and are expected to attract many parties of fishermen during the summer. The lakes were stocked three years ago, and the fishing now is declared to be unusually good.
