COOLNESS

There's nothing so cool as an oil stove for summer cooking. All the heat is concentrated on the cooking and not radiated about the kitchen.

Cooks everything any wood or coal range will cook, and cooks it better, because of the steady, evenly-distributed heat.

Use it all the year 'round—more convenient than a wood or coal stove, and more economical.

The long blue chimneys prevent all smoke and smell.

In 1, 2, 3 and 4 burner sizes, with or without ovens. Also cabinet models. Ask your dealer today.

Civil Service Examinations.

The United States Civil Service Commission announces that an examination for stenographer and typewriter, Field Service, will be held in forty different cities throughout the Eleventh Civil Service District, June 30, 1917. Both men and women will be admitted to this examination. There is an urgent need of male stenographers and typewriters for all branches of the service in the Eleventh District, but particularly in the Quartermaster Corps of the Unit-

ed States Army, at an entrance salary of \$1000 per annum. Typewriters without a knowledge of stenography are in demand and every eligible on the male typewriter register willing to accept an entrance salary of \$1000 per annum will be appointed. Male typewriters willing to serve their country under the conditions named should apply for this examination. Applications and full information will be furnished by the local secretary, Board of Civil Service Examiners, Post Office, at any of the offices where the examination will be held, or by the District Secretary, Room 303 Post Office Bldg., Seattle, Wash.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat

and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.—Adv.
