General Who Will Lead Our Soldiers in France

Major General John J. Pershing, who has been selected to lead the first division of American soldiers in France, is known in the army as "Black Jack." He is a native of Missouri, fifty-seven years of age and was graduated from West Point in 1886. After leaving the Military academy he saw much service in the various campaigns against the Indians. He won a captain's commission for gallantry at El Caney, Cuba, and shortly after was sent to the Philippines. For his services in quelling the Moros of Mindanao President Roosevelt promoted him to the rank of brigadier general. At the time of his nomination for that rank in 1906 he was the youngest West Pointer ever named as a general of the regular army in a time of peace. In order to reward Pershing President Roosevelt jumped him over 862 officers who were his seniors in rank. General Pershing is a son-in-law of United States Senator Warren of Wyoming. Two years ago he suffered a great bereavement when his wife and two little daughters were burned to death at the Presidio of San Francisco. His little son alone was saved. He received his major general's stars for his services in command of the United States punitive expedition into Mexico in the attempt to capture Pancho Villa.

Household Hints
Milk, sour or sweet, well rubbed in with an old soft flannel, will make black walnut look new.
To make a handy sewing basket cover a square or oblong peach basket or any cardboard box with cretonne and line with contrasting lining cotton. Sew in pockets for necessary articles needed for sewing.
To put the stove away so they won't rust, dip a cloth in linseed oil and thoroughly rub stove. This will also help give them a good polish in the fall.
Use a buttonhook to wind up a curtain roller when the spring has run down.

Mother's Doll Story
The Bean Bag
Once upon a time there was a jolly little boy who loved to play ball. He was almost as fat as butter, as broad as he was long. But he could throw a ball quite straight, although he was only three years old. His name was Tommy. Well, one afternoon Tommy, just for fun, got all his new balls together in a pile. He had a good many, because everybody who loved Tommy always gave him a ball. There was a big brick red, soft one that he used to keep in his cradle when he was a baby. There was a harder one of gray rubber that was fine to throw into a tub of water. And there was a leather football almost as round as Tommy was. Besides, there were two baseballs that he used to throw over the fence, and there was a red, white and blue ball that came from Paris. But best of all was his bean ball. This really was a baby doll stuffed with beans. So Tommy could use it as a ball or as a bean bag, just as he pleased. One day it rained hard, and Tommy left his bean bag doll outdoors in the wet. And what happened? Why, the beans all swelled up, split open the bag and before Tommy found them started to grow right there in the door yard. Wasn't that funny? The Difference. What is the difference between a tenant and the son of a widow? The tenant has to pay rents, but the son of a widow has not two parents. Buttercups. My mamma says that golden coins Are very hard to get. But in our field, after the rain, I picked up some all wet. Tulips. Dainty waving chalice, All blue and gold and pink; I wish I could stay up at night To watch the fairies drink.

Money Should Be Measured

Not only by what it will buy but by what it will earn. Spending all of one's income often gives only momentary satisfaction. Regrets are almost sure to follow. Spending less and saving money regularly creates a reserve that is a source of constant inspiration and permanent benefit. Determine to save as well as spend, and open a Savings Account—NOW.

Letters From The Front

Mrs. W. H. Bohnenkamp has received the following letter from her nephew, Lee Bradway, a La Grande high school boy, son of Mr. and Mrs. Arthur Bradway, of La Grande who is in the U. S. Field Artillery: Fort McDowell, Cal., June 1.—Dear Aunt Jennie: I received your letter yesterday and was very glad to get it. I have been assigned to Honolulu and am leaving June 5. The voyage will take 9 days, so I expect to recover from any attack of mal de mer before I arrive in Honolulu. I think I am the only boy from La Grande who has been sent to Honolulu during the present war. If we go to France we will probably travel on around so that by the time I get home I will have circumnavigated the globe. Honolulu ought to be an ideal training place. All the previous service men say it is a fine place to go. We all received our foreign service uniforms today. They are made of much lighter material than the olive drab that Company M wears and a little different color. We are certainly a happy bunch tonight. Everybody is glad that they are leaving Angel Island. The infantry drill we received here was not very exciting compared to what is before us. Well good-bye for now; remember me to Mrs. Grady and the boys. Very sincerely yours, LEE BRADWAY, U. S. Field Artillery, Honolulu, Ht.

Never Neglect a Cold. A chill after bathing, cooling off suddenly after exercise and drafts, give the cold germs a foothold that may lead to something worse. Safety requires early treatment. Keep Dr. King's New Discovery on hand. This pleasant balsam remedy allays inflammation, soothes the cough and repairs the tissues. Better be safe than sorry. Break up the cold with Dr. King's New Discovery before it is too late. At your druggist, 50c, \$1.00.—Adv.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes, "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm."—Adv. No Embargo Planned. New York, June 25.—(Special)—No general embargo on exports from the United States is intended, either on any particular class of articles or against any particular country, Dr. E. B. Pratt, chief of the bureau of foreign and domestic commerce, declared here. Dr. Pratt came from Washington to confer with officials of the New York bureau. He said the term "export control" was preferable to "embargo." This Safely Removes Worms. Worms are a common disease of children and every mother should know their symptoms. Sallow complexion with dark circles under eyes, irregular bowel movement with stomach hard or swollen, grinding teeth or itching may mean that Kickapoo Worm Killer is needed at once. It is a mildly laxative remedy in candy tablet form that children like. Kills and removes the worms and lets the child grow strong and healthy. At druggists, 25c.—Adv. WAR PROSPERITY HITS WASHINGTON Washington, June 25.—(United Press)—War prosperity has hit Washington and those who have rooms to rent are getting rich. The capitol's population is growing rapidly. Every train brings its load. War talk fills the air. The government and the various industries that have established war headquarters here will need 50,000 more clerks before the dog days, according to conservative estimates. Already there is a famine in stenographers. Uncle Sam commandeered them. Now government offices are springing up all over the city. Department offices which for generations have been small, quiet affairs have suddenly become bloated to 20 times their usual size. This means more employees. The restaurants are busier than Coney Island chowder kitchens. The street cars are almost always jammed to the guards and frequently blocked. Apartment houses have been made into hotels—residences into apartments. In some cases startling prices are demanded for cots. All rents are upward bound. The telephone service is swamped—

the messenger service overwhelmed. Streets are crowded and the aged hackmen are investing in Liberty Bonds. Now Uncle Sam is meditating commandeering more office space and ousting private firms. It's a seething situation — but — as the French say: "C'est la guerre." Cholera Morbus. This is a very painful and dangerous disease. In almost every neighborhood, someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Eneyart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."—Adv. Governor's Private Secretary. Salem, June 25.—(Special)—Chester B. Moores, son of C. B. Moores and an Oregonian reporter, will succeed George Palmer Putman as private secretary to the Governor. Has a Good Opinion of Chamberlain's Tablets. "Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes F. B. Tressey, Richmond, Ky. When troubled with indigestion or constipation give them a trial.—Adv. To Occupy Four Mile Front. Washington, June 25.—(United Press)—American expeditionary forces on the French firing line may occupy a position between the British and French sectors. At first, it is estimated that the American expedition will occupy only about four miles of trenches. Sour Stomach. This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.—Adv. \$25 Horse Valuable. Otisville, N. Y., June 25.—(United Press)—Otisville, N. Y., boasts of a horse which while only costing the city \$25 has to date earned \$75,000 besides saving the lives of thousands of children. "No. 397" as the dividend producing horse is called has had eight quarts of blood, used in making serum, drawn from him every week for the past four years. This blood has provided serum which has saved the lives of children all over the country. "No 397" is now enjoying a well earned rest but in a short time will be back on the job in the serum plant. Red Cross To Help Russia. Washington June 25.—(Special)—The Red Cross will send an American commission to Russia to work along and behind the battle front in the same way a similar commission is to operate in France and Belgium, providing necessary service. For Economy's Sake Buy Advertised Goods When you buy sugar you pay less per pound when you buy it by the dollar's worth. You pay still less per pound when you buy it by the hundred-pound sack or by the barrel. The same is true of the manufacturer and the merchant. The larger quantities of anything that he can buy the less he has to pay for it. It costs less to handle it in large quantities than in small lots. It costs less per pound to ship in solid carload than it does to ship a carload in separate shipments of 100 pounds each. Just as it costs you less to buy a hundred pounds of sugar at one time than it would to buy a hundred pounds a quarter's worth at a time. Less n money. Less in time. Less waste—less in every way. The manufacturer and merchant who advertise are enabled to buy and to sell in larger quantities. By doing a "quantity" business they cut expenses and save waste on every hand. They can sell better quality—pay the small advertising cost—and SELL FOR LESS than if they were doing business in a small way. In these times of advancing prices carefully compiled statistics prove that the advertised brands of merchandise have advanced much less in proportion than those which are not advertised. IN THE INTEREST OF ECONOMY BUY ADVERTISED MERCHANDISE FROM MERCHANTS WHO ADVERTISE
