Parents Are Warned Boys In Powder House

Parents who do not know where their children go during the day, are given warning that it may pay to watch them closer. This has been brought home with force in the last couple of days by an incident which could have easily terminated fatally.

The Bohnenkamp Co. has a powder house which is quite a distance out of town. Last Sunday the lock was broken and yesterday the evidence showed plainly that the persons had made their entrance although nothing was taken. The work is plainly that of young boys; on that point there is absolutely no doubt.

A match dropped in such a place—who likes to think of the results? The

GERMAN CHANCELLOR SAYS PEACE WITHOUT ANNEXATIONS UNSATISFACTORY

CONSIDERS IT AS HIS DUTY TO STAY AS CHANCELLOR

Speech Is Delivered Before the Main Committee of the Reichstag—Appearance Was Called Forth By Demands of the Clericals That He Define How He Stood on the Socialists' Peace Program.

Berne, Switzerland, July 10.—(United Press)—Peace without annexations is unacceptable to Germany.

Germany can win if she holds out. Chancellor Bethmann Hollweg so declared in his speech before the main committee of the Reichstag, according to quotations in the Berlin Lokal Anseiger.

"I consider it my duty to remain as Chancellor for the protection of the Fatherland," he declared.

"Peace without annexations is not an acceptable peace to Germany. I cannot declare our terms."

The Chancellor's appearance before the main committee was called forth by demands of the clericals that he outline in more detail exactly how the government stood on the Socialists' platform of no annexations and no indemnities.

RESIGNATIONS OF OFFICIALS RUMORED

Amsterdam, July 10.—(United Press)—Unconfirmed reports stated the Kaiser decided to accept the resignation of Foreign Secretary Zimmermann and Vice Chancellor Helfferich.

Berlin dispatches indicate the German bureaucracy made efforts to smooth over the internal crisis.

The Kaiser yesterday presided at a conference of the Crown Council. This is the first this body has met since the beginning of the war.

Views of Washington

Washington, July 10.—(United Press)—Germany's present political upheaval is the only hopeful sign of a later explosion, believe United States officials.

Officials think German as a whole will stand steadfastly with the Kaiser for the time being. The demand for the announcement of peace terms is considered a sign of underlying discontent, which will grow louder and more insistent as economic and military pressure intensifies.
