

## I. W. W.'S Are Left On Sidetrack

### TWELVE HUNDRED DEFY ARMED GUARD

SHOUT THEY WILL BURN CARS AND HOLD UP THE FIRST WESTBOUND TRAIN

#### ONE HUNDRED AND EIGHTY GUARDS RETURN TO BISBEE

Seven Hundred Armed Deputies Are Sent To Protect Bisbee—Guard Will Hold Them Prisoners Until Government Takes Hand.

Douglas, Arizona, July 13.—(United Press)—Left on a side-track at Hesperman, New Mexico, thirty miles west of Columbus, twelve hundred I. W. W.'s flung defiance in the faces of armed guards as the guards left them without an engine to return to Bisbee.

"We'll burn the cars and hold-up the first westbound train through this station. You'll see us back in Bisbee soon," they shouted.

One hundred and eighty-four guards passed through Douglass returning to Bisbee.

Bisbee, July 13.—(United Press)—Seven hundred armed deputies boarded the train for Osborne Railway Junction east of here, following reports that I. W. W.'s were preparing for an attempted invasion of Bisbee. Guards will round up the Industrialists and hold them prisoners until the government takes a hand.

El Paso, July 13.—(United Press)—Telephone advances from Columbus state that twelve hundred I. W. W.'s were deported yesterday from Bisbee and are now marching overland to El Paso. Three women are reported in the ranks of the agitators.

#### Embargo Placed On Railroad Shipments

Washington, July 13.—(United Press)—The railway war board directed all roads to place an immediate embargo on all commodities named by the President in his embargo proclamation of July, except when the shipments are accompanied by a federal license.

#### Americans Abroad Show Patriotism

Washington, July 13.—(Special)—A remarkable instance of the patriotism of Americans abroad was shown during the past month by the application for enlistment in the U. S. Marine Corps of 104 Americans living in all parts of the world, it was announced at Marine Corps Headquarters today.

Letters were received from 26 foreign countries offering service to the "Soldiers of the Sea." Every continent on the face of the globe was represented—New Zealand, China, Japan, Egypt, five each of South and Central American countries, four West India islands, several British colonies, and others.

#### JULIUS ROSENWALD BUYER OF ARMY AND NAVY SUPPLIES

People visiting a certain building in Washington are apt to meet hustling through the halls, a short, compact and well groomed man, with a penetrating eye and the habit of economy of speech. That's Julius Rosenwald, chairman of the Committee on Supplies of the Council of National Defense, on his daily walk through the corridors planning new "stunts" in the government's interest. He is both unassuming and impersonal in his methods, but so well has he applied mail order methods (he's president of the Sears, Roebuck Co., of Chicago) to buying the government's clothing and food, that most officials have ceased to worry how the new army is to be equipped. Rosenwald's problem was, where can we buy this material, which dealers ought to share in our orders and what prices ought we pay. Believing that in the present crisis there is little need for the middleman he has coordinated the buying of the army and navy and assisted the departments to deal directly with the producers.

#### H. W. Stoner Of City Passed Away This A.M.

H. W. Stoner passed away this morning at 5:40. His death was the result of a stroke of apoplexy which he received yesterday morning. There are no immediate relatives of the deceased in this part of the country. His daughter by his last wife, who is Mrs. Ellie Ramey, is residing at Key West, Florida. His other children live in Philadelphia.

Mr. Stoner came to La Grande about the same time as Wm. Miller, the real estate dealer, and both were good friends. That was a few months over 27 years ago and during that time Mr. Stoner held down the position of judge of elections in precinct No. 2 for 25 years. He was also city superintendent of streets for a number of years.

Mr. Stoner was a plain man of rather peculiar mannerisms but a man of fine traits. This has been shown many times in the past by his helping the sick when help was most needed.

Unless word is received from the east to ship the body the funeral services will take place at the chapel of the Henry Undertaking parlors at 2:30 p. m. tomorrow.

### OREGON'S DRAFT QUOTA IS ONLY 717 SOLDIERS

#### WAR DEPARTMENT ANNOUNCES FIGURES BASED ON TOTAL DRAFT OF MEN

#### WASHINGTON QUOTA IS 7,296 TO BE DRAFTED

Oregon Is Given 6,857 Credits For Enlistments—Washington 3,450 Credits and Idaho 2,538 Credits—Credits Reduce Number of Drafted Men Enormously in Some States.

Washington, July 13.—(United Press)—The war department announced the number of men each state must furnish by draft. Figures are based on a total draft of six hundred and eighty-seven thousand.

New York leads all with sixty-nine thousand two hundred and forty-one. Oregon is asked to raise only seven hundred and seventeen.

Idaho's quota is two thousand two hundred and eighty-seven. Washington is asked for seven thousand two hundred and ninety-six.

Oregon is given six thousand eight hundred and fifty-seven credits for enlistments.

Washington is given three thousand four hundred and fifty credits.

Idaho is given two thousand five hundred and thirty-eight credits.

Credits have reduced the number of men required by draft enormously in some states.

#### Chin Borkey Is Given Life Sentence

The case of Chong Bing was given in the hands of the jury this morning at 9:20. At the present, as the paper is going to press, the jury has not yet reported. Chin Borkey, who was convicted last week was given a life sentence this morning. A motion for a new trial was filed in the case of Chin Borkey but it was denied.

In the case of Ching Lem, who is to be tried next, it was impossible to pick a jury and the court adjourned about 3 p. m. In the coming cases to be tried Judge McGinn, of Portland, will be associated with Cochran and Eberhard in the defense.

### ARGENTINE SITUATION PERPLEXING

#### ARGENTINE DOES NOT UNDERSTAND PRESIDENT WILSON'S EXPORT LICENSING PLAN

Buenos Aires, July 13.—(United Press)—Relations between the United States and Argentine caused considerable uneasiness, according to authoritative information.

Argentine does not understand President Wilson's export licensing plan. Many consider it an unjustifiable step.

Certain elements have not lost the irritation developed when Washington joined with London in opposition to the Argentine wheat embargo. The United States embargo measure is the main topic at this session of the Argentine senate.

### AMERICAN WIND-JAMMER BOWEN SUNK BY GUNFIRE

#### BARQUE BIDGARD SUBMARINED FIVE MASTED SCHOONER OF FALL RIVER IS TORPEDOED.

Washington, July 13.—(United Press)—The state department announced that the American wind-jammer Bowen was sunk by gunfire and the American barque Bidgard was submerged. Both crews were rescued. The department also received information of the sinking of the American steamer Massapequa, the crew of which was rescued.

#### Schooner Is Torpedoed

#### Working Freight Car on Sunday.

One "war measure" that has been suggested as a means of relieving freight congestion provides for the loading and unloading of freight on Sundays as well as holidays. Southern Pacific agents who are now engaged in a great car loading contest are appealing to shippers and receivers to help out the country generally by utilizing Sundays and holidays to free freight cars on their sidings. It is pointed out that a genuine emergency exists—one that threatens the national welfare—and that emergency measures should be undertaken. It is pointed out that one-seventh of a freight car's time is entirely lost by the practice of refraining from loading or unloading it on Sundays.

#### AMERICA'S BOARD OF WAR DIRECTORS.

Dr. Hollis Godfrey, president of the Drexel Institute, and chairman of the committee on Engineering and Education of the Council of National Defense, is a consulting engineer who happens to be an educator.

He is buoyant, unbrovned and active; talks like the educator, and but for the black ribbon to his glasses looks the engineer. His is the work of listing the scientists of the nation available for special war work.

Dr. Godfrey has charge of such studies as devices for the detection of submarines and mines, range finders, aircraft, sapping instruments, improvements in wireless apparatus and other instruments, military photography balloon fabrics, fabrics for army slickers, new explosives, nitrate supplies, and hundreds of other instrumentalities for use of the government.

Dr. Godfrey is doing what is perhaps the most important work of the entire Council by his constant inspection of new methods of warfare, and the improvement he is making in old instruments, and armament.

Now anti-toxins, serums for diphtheria, tetanus, pneumonia, paralysis, and other diseases, are being tested by Godfrey and turned over to the government for use.

### GERMANY MAKING DESPERATE EFFORT IN RUSSIA

#### AGITATORS ARE SPREADING PROPOGANDA IN EFFORT TO CHANGE ATTITUDE OF RUSSIA

Petrograd, July 13.—(United Press)—Germany is desperately pouring new propoganda into Russia in a superlative effort to dampen the popular war ardor.

The directing point seems to be Stockholm. The Germans argue that the minority of socialists have agreed on every point of succession breach and aims including Alsace Lorraine.

Agitators who previously have been active in connection with German propoganda, are spreading these arguments.

It is rumored that the German papers are preparing for a breach.

### STATE EDITORIAL ASSOCIATION MEETS

The convention will continue this afternoon and tomorrow. Saturday night the editors leave in a special train chartered by the Pendleton entertainment committee for Joseph and Wallowa Lake. The party will arrive in La Grande about 6 p. m. and will be entertained at Riverside Park.

#### British Ministry To Take Over Crops

London, July 13.—(United Press)—The ministry of food will take control of the entire nineteen seventeen crops of potatoes, wheat, barley, oats and rye, it was announced.

All contracts in individual dealings will be canceled.

#### BRITISH REPORT SUCCESS IN RAID NEAR YPRES

London, July 13.—(United Press)—General Haig reported a successful British raid south of Ypres; also repulsed an attempted German raid on two cities.

#### "PHANTOMA" GERMAN STAR AVIATOR SOUGHT

BY W. S. FORREST.

(United Press Staff Correspondent.) There is one German flyer who is really "wanted" by the French military and aviation service. "Phantoma" as this enemy airman has been named along the French front, special performance is to suddenly appear at dawn of day or in the dusk of twilight, machine gunning the trenches.

A Divisional has offered official recognition to any aviator who brings this aerial "Flying Dutchman" down. Ray Bridgeman, Lake Forest, Ill., and Edwin Parsons, Holyoke, Mass., members of the Lafayette Escadrille, braved a thunder storm at 9 p. m. one night recently to take the air after the phantom flyer. Phantom-like, however, he melted himself into the dusk and escaped the American pursuers.

### DUTCH NEWS PAPERS CONFIRM RESIGNATION REPORT

#### Sunday School Convention Next Sunday

It is expected that Supt. H. H. Cummings of the church schools, Howard R. Driggs of the University of Utah, and Miss Mathilda Peterson, all of whom are members of the general board of Sunday schools, will be present. They are at present attending the N. E. A. convention in Portland and intend to stop here on their way back.

The public is cordially invited to attend the afternoon session.

### PREPARATIONS BIG FOR COMING CARNIVAL

#### DATES CHANGED TO CORRESPOND WITH "SPEED 'EM UP"—COMMITTEES WORK HARD.

#### J. GARFIELD KING IS ORIGINATOR OF IDEAS

Playlets, Japanese Tea Garden With Tea Serving Geisha Dancers, a Typical Hawaiian Village, Numerous Side Shows and Fortune Telling Booths Are a Few of the Attractions.

If 75 girls, as busy as chirping chimpanzees in balmy Monkeyland, working in a half dozen committees until a late hour of the night, are a criteria of the final results, then the fete extraordinary to be given by the Honor Guard girls the evenings of July 20 and 21 will be what P. T. Barnum would insist on to be a stupendous, spectacular, surprising, scintillating, superb, splendid, superior and gorgeous in supreme carnivaldom. Lest the important item be overlooked, dear reader, don't forget that the date of the benefit fete, which is staged primarily to raise money for the La Grande Hospital Unit Company fund, is moved ahead one day for the benefit of Speed 'Em Up crowds. The girls voted last night to hold the carnival-fete extraordinary Friday and Saturday nights instead of Thursday and Friday.

Some seven or eight committees are at work, and then there is a general committee which is delegated with the duty of hatching contraptions to brazenly fleece the public. Just what the "skin game sells" will be, only J. Garfield King knows, but these who are acquainted with his proclivities to extract simoleons for worthy enterprises from the down-trodden public, will realize that the phase assigned to him will not be neglected.

Many Things of Merit. Yet, there is going to be features by the scores that are not tainted with burlesque and sells. Take for instance the tent in which Jacob Traynor will direct presentations of comedy sketches each evening. These playlets are going to be presented twice nightly and those who have seen the rehearsals declare that the feature is a splendid number. The first evening there will be two presentations, of "The Card on the Door." Five speaking parts appear. The second night "The Wrong Wright" will be given by seven stellar stars from local amateur players. The location of this tent will be announced later but it will be near the heart of town.

One of the showy features will be a Japanese tea garden on the Presbyterian lawn where iced and hot tea will be served by Geisha dancers, "neath the mellow gleam of oriental lantern rays, amidst the strumming and twanging of Japanese musical strings. A large group of boys is drawing the plans and specifications for the properties for this part of the carnival. It will be the "scintillating" sector of the whole string of attrac-

#### HOLLWEG'S AND CABINET'S RESIGNATION NOT SERIOUS—CHANGE OF MEN NOT PRINCIPLES

#### BOTH CHANCELLOR HOLLWEG AND CABINET RESIGN

One Newspaper Printed a Letter from the Kaiser Ordering the Immediate Introduction of An Electoral Reform Bill.

Washington, July 13.—(United Press)—The Dutch newspapers of Kieve confirm the reports of Hollweg's resignation and also claim that the entire Prussian cabinet has resigned according to information reaching the state department.

One newspaper printed a letter from the Kaiser ordering the immediate introduction of an electoral reform bill.

#### BY GROAT

(United Press Staff Correspondent) Washington, July 13.—(United Press)—German is making no real internal reform. It is reported that the resignation of Hollweg and his assistants merely meant to officials a shift of men and not principles.

While Germany is throwing out sop to the world opinion, it is believed she intends to remain a great military autocracy.

#### Germany May Accede To Reichstag Demand

London, July 13.—(United Press)—The German dispatches prophesied that the German government would accede to the Reichstag's majority demand for electoral reforms. They are to form a full statement of war aims before a vote of credit is asked.

tions. Ices and other refreshments will be served hither and yon so that the populace won't have far to go to spend a jitney or two for the worthy cause. The fact the local boys are to derive the benefit of what the public gives when the hospital unit reaches actual service and extra kopeks are needed, should and will stimulate giving. But, lest we forget, it is not going to be all burlesque.

Hawaiian Village Typical.

Messrs. Sawalish and Bradley, who live here, have spent many years in Hawaiian islands and will use that experience in drafting the plans for the Hawaiian village scenes. Arrangements have been made to import four Kanaka girls to exemplify and interpret the notorious hula hula dances which they will wear the grass skirts and Kanakas separate their bodies from the sunrays with. These local men, with the assistance of the Guard committees will stage an honest-to-goodness luau and all the frills and fixings that go with that Hawaiian feast will be cared for. The steel guitar, the ukelele and other implements of Hawaiian music will be constantly at work and set the pace for the dancing from the land of Waikiki beach where fair Liliuokalani once reigned in regal splendor but more recently has been content to languish in the fast-fading memories of a once queenly throne.

Sacred Cloth Provided.

Old tapa cloth, sacred to the native Hawaiian, and now extinct so far as manufacture is concerned, will be among the rare relics that will ornament and enrich the curiosity shop in connection with the village. Fern ropes and flower leis will be displayed in profusion so that there will be nothing left out—from the brown-skinned hula hula dancers to the sighing melodies of the Hawaiian "raph-sodich."

These settings will be on the tennis court at the Y. M. C. A. adjacent and contiguous thereto will be numerous awfully naughty sideshows and it is whispered about that there is going to be some class to these.

Of the fortune telling, more will be said in subsequent issues but the committee has gone out to the byways and corralled fair gypsy bands to officiate in that capacity.

After all has been said and done, the premier and pungent thought is, "load up with a handful of jitneys and get in the game. Some times you will be sorely stung, and then again you will get more than your money's worth."
