

Dear Sir:---

This is to remind you of Tire Conservation Day---to be held in our place, July, 20th, 21st & 22nd.

We know that the expert who is to be with us at that time can give you information which will effect a big reduction in your annual expense for tires and tire upkeep.

His work is free. It is part of a concerted national movement for tire conservation.

If you are not extraordinarily busy during the whole day you will do well to attend this interesting and valuable demonstration---if only for a few minutes.

Very truly yours

W. H. BOHNENKAMP CO.

General News

Odd Fellows Will Help. Louisville, Ky., July 17.—(Special)—Provision for the care of members of the order who may be injured at the front after the American army lands in France, and the care and maintenance of their dependents at home will engage the attention of the sovereign grand lodge at its annual convention in Louisville next September, according to a statement of Grand Sire Frank C. Goudy, of Denver, issued through the local committee on arrangements.

Veterans Will Act. Portland, Or., July 17.—(Special)—Spanish-American War veterans will form the nucleus of the new Oregon state defense forces to be formed at once by the Governor and Adjutant General to cope with I. W. W. disturbers or any other war emergency that may arise within the state.

Vice Inquiry Ordered. Washington, July 17.—(Special)—As part of the general plan of cleaning up vice districts in cities near training camps, Secretary Daniels has ordered an investigation of the moral conditions in the district adjacent to the League Island Navy Yard.

Secretary Daniels said that the League Island inquiry was merely a part of a general effort to establish high moral standards in the vicinity of the yards and stations where Navy men are being trained. He said that no special significance attached to this inquiry and that it had not grown out of any sensational information as to alleged evils existing in Philadelphia.

Allen Enemy Privileges. Washington, July 17.—(Special)—

The Department of Justice desires to correct an impression created by certain wording appearing in an item relative to privileges of alien enemies. It would appear from the wording that the granting of a permit to an alien enemy to enter any particular area or areas carries with it the privilege of moving at will within the district of the marshal granting the privilege. Such is not the case. A permit granted to an alien enemy by a marshal to go within any forbidden area or areas carries with it the privilege of going within such forbidden area or areas only and of being engaged while therein in the activities permitted by the permit, such permit giving no right to go within any other forbidden area or areas in the district.

Government Buys Shoes. Washington, July 17.—(Special)—Awards for 2, 175,000 pairs of shoes for the Army have just been made by the Quartermaster's Department, at an average price of \$4.73 a pair. Deliveries of these shoes will begin immediately and will be completed before December 31 of the present year.

The awards were made to 21 manufacturers after sealed bids from 59 had been opened. The awards include 950,000 pairs of marching shoes and 1,225,000 pairs of field shoes.

Shipbuilding Facilities Expanded. Washington, July 17.—(Special)—The shipbuilding facilities of the

United States navy yards are being expanded so that eventually 16 war vessels may be on the ways at one time, while fully 32 may be in course of construction. This number does not include submarines and suumarine chasers.

Ethan Allen Enlists. Butte, Mont., July 17.—(Special)—Ethan Allen, a direct descendant of the original Ethan Allen, of Fort Ticonderoga fame, was accepted for enlistment in the United States Marine corps here, today. He has been principal of a school in this state for the last three years, and has also taught in Ohio and North Dakota.

Allen's enlistment recalls the early days of American history when Fort Ticonderoga was held in turn by the French and British until finally captured by his illustrious grandsire in 1775. It is another reminder of the wiping out of old differences between nations, happily now serving together against a common enemy.

Federal Employment Office. Pendleton, Ore., July 17.—(United Press)—A federal employment office here will soon be supplying help to eastern Oregon farmers and business men without charge. Scores of the seventeen hundred farmers tributary to Pendleton are planning on securing their help for the coming harvest from the government agency.

AMERICAN HYGIANS FIGHT HOOK WORM. Rio De Janeiro, July 17.—(United Press)—Through the efforts of Dr. Charles Seidl, director of the Public Health Department and Drs. Lewis Wendell Hackett and George Stone of the Rockefeller Foundation, the government has given the American institution free hand to wage a campaign on the "hook worm" in the interior of Brazil.

The percentage of inhabitants of the outlying districts afflicted with this disease is high, according to Health Department officials.

Creditable work has already been done by the American physicians and it is believed the proposed campaign will be of inestimable value in the stimulation of agricultural enterprise.

LEFT OVERS.

Have you left-over cereal mush from breakfast, and meat left from yesterday's dinner, Madam Housewife? Combine them, and make an appetizing luncheon or supper dish.

Scalloped Cereal and Meat. Place alternate layers of cold cereal (cut or mashed into fragments) and minced left-over meat in a baking dish. Make the top layer of minced meat and bread crumbs. If the mixture is too dry, pour over it enough milk to moisten. Place in medium oven until heated through and browned a little on top. (This sounds like hash to the editor.)
