**Letters From The Front**

(Copy of a letter from Miss Bessie Connelly, received by her brother, Hugh Connelly, of this city. Miss Connelly is a member of the Cleveland Hospital unit and is now at the front in France as a Red Cross nurse.)  
 Sunday, May 27, 1917.—At last we are settled in France and ready for work. It seems good not to pack up and journey on for a few days then unpack and begin all over. We had a wonderful trip all the way from the United States to our final stopping place. The weather has been perfect. No accident of any sort and everybody having a good time. While in London we were most royally entertained. Queen Alexandra awarded us the Royal Red Cross and we were each presented to her. Then we were presented to King George, Queen Mary, Prince of Wales and Princess Mary in the garden of Buckingham Palace.

Ambassador and Mrs. Page entertained us at tea and presented us to the Duchess of Marlborough, Captain and Mrs. McDougall, Mrs. Bradley (wife of Colonel Bradley) Lady Winston Churchill and Mrs. Whitelaw Reed, who entertained us at tea the following day at the Claridge Hotel. Sir Thomas Lipton called and presented each nurse a shamrock pin. Am very proud of mine. Harry Lauder invited us to one of his performances and met us on the stage afterwards. We even explored the dressing rooms of the stars. The joke was on us. The leading lady, Miss Tomlin, and a star, Flora Craner (our hostess) gave us the flowers from their corsage bouquets. Come to find out, our doctors had sent them the flowers. Everybody in England and France have given us a most cordial welcome.

Coming through this time of the year has given us the treat of a lifetime, to see this part of the world at its best. All the trees were in full bloom, the wisteria is in blossom, the hedges are green and all the gardens are wonderfully cultivated. The scenery here is equal to that of our own fair Ohio valley.

Can you imagine what it is like to sleep on an army cot without sheets, in army blankets? We have very comfortable quarters and plenty to eat. Saw Kenna Dugan two days ago. He has been having a very good time, looks well, and was not sick from the vaccines. The weather is very warm during the day and cold at night.

When the peasants saw our flag coming into France they gathered in masses and shouted "Vive la Americane." Many wonderful things have happened to us, coming as we did, the first part of the United States Army.

000. At first France proposed to borrow \$50,000,000 but Japanese bankers decided against so large a sum. The loan will yield 5 1-2 per cent to investors.

This issue will bring Japan's financial aid to the allies up to \$135,000,000. Russia in two loans, has received \$60,000,000; Britain was given \$50,000,000 last December, and now France receives \$25,000,000.

Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.—Adv.

which I can not write about, but sometime I will tell you all about them. Send me a copy of the Jeffersonian.

(Letter from Raymond Blystone, of La Grande, who is in the Aviation Corps, to his mother, Mrs. C. H. Blystone.)

Camp Kelly, July 11, 1917.—Dear Mother: I received your welcome letter yesterday. I have been awfully busy lately. I am working on an aeroplane every day. I am no longer corporal, for I was made a sergeant today and also chief of crews. What do you know about that? I haven't heard anything regarding my lieutenant examination yet but I guess I will when they get to it. I wish I could see you for I could tell you everything but I haven't time to write. I simply don't have time to write as much and as often as I would like to. Cecil told me about Letha being there the 4th. It sure has been some hot here the last two days. Was 110 or more today. I received a letter from Mrs. Harris and will answer as soon as I have time. It is so dark now that I can hardly see. My pay now is \$45 or \$48 a month I think. I don't just know for there are different rates of pay. I hope everything is going well with you. I am feeling all right but I sweat so much I am getting a little thin. I don't know when or whether we will leave here or not for we may stay here until we go over the water. The Germans seem to be getting the worst of things now, and I hope it keeps up.

It is too dark to see and I am tired anyway so good-bye for this time.  
 RAYMOND BLYSTONE.

**Spokane To Have Apple Show.**

Spokane, Wash., July 20.—(Special)—Plans for the 10th National Apple show as outlined at the first meeting of the trustees, show a radical departure from former exhibitions. Instead of featuring competition in the box displays, stress will be laid this year upon food value and marketing. Instead of street frolic and carnival features, there will be patriotic and historic pageants in keeping with the military spirit of the hour.

Elaborate demonstrations will illustrate Herbert C. Hoover's declaration that the apple is a most valuable food product especially during war times. Methods of preparing apples for the table, preserving, canning, evaporating, and scores of other practical uses will be given. Prominent educators and experts will deliver lectures daily. Housewives will be shown the economic value of the many uses to which apples can be put.

Another department will include commercial and marketing features. Packing demonstrations, orchard cultivation, spraying, grading and kindred matters will be handled by men of national reputation. A big apple auction modeled along the same lines as those held in eastern fruit centers will be held.

In the patriotic and historic pageants, the dominant purpose will be to emphasize the fact that while the country has responded in a large measure to the call of the nation, it must be borne in mind that the war will probably continue three years or more. It is the hope to make these pageants illustrative of the sacrifice made in former wars by patriotic peoples and to carry the lesson of enduring patriotism during the present conflict.
