## HILL'S DEPARTMENT STORE

Quality and Service

and the general oversight of an army of help. Had a stranger seen him heading a procession of pretty young ladies Monday morning, several of whom were arrayed in men's overalls with braces, he might have thought Karl was heading a suffragette parade—but it was all in the day's work in the cherry orchards of Cove.—Cove Sentinel.

### Summer Complaint

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unusual looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

### REV. G. L. CLARK'S RESIGNATION EXPECTED

It has been reported that the Rev. G. L. Clark of the Presbyterian church here, expects to resign and take up the Army Y. M. C. A. work. Although he is now in attendance at the Y. M. C. A. Army course at Seabeck, Washington, nothing definite will be known about the matter until after his return here, which will be about August 8th.

### Brakman's Wife Operated On

Mrs. Jack Holst of Baker underwent a serious surgical operation at her home Friday morning. She is reported resting easily and making as good progress as could be expected. Her husband, an O-W. brakman, was called here by her sudden illness, reaching home on the afternoon train.

AT THE ARCADE TODAY AND TOMORROW

## ARCADE

"MATERNITY" AT ARCADE TODAY

It is an exceptionally unique story that is told in "Maternity", the newest World-Picture Brady-Made which will be shown at the Arcade theatre today and tomorrow with charming Alice Brady in the title role. The picture tells the story of a young wife who fears motherhood and with good cause. Her mother died at her birth and her grandmother died at her mother's birth. The manner in which this fear is cast out by perfect love and of the way in which real happi-

ness comes to her finally, constitutes a thoroughly pleasing and entertaining picture. Alice Brady is seen in one of the most brilliant roles in her brilliant career. The fire scene in which Miss Brady rescues a young child from death at the flames, makes a remarkable scene that will live long in the memory of all those who see it. "Maternity" is a remarkable picture of great merit and of splendid entertainment.

Tomorrow night this feature picture will be run only once. Following will be an hour and forty minutes of fun music and dancing staged by the well known Tom Christy's Famous White Minstrels. There will be only one show Thursday night.

### Ask Anyone Who Has Used It

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.

### Palmer Valley

Palmer Valley—Special—Norman Swagard and wife and daughter have been out to the Grande Ronde Valley for the last few days, returning on Friday. He reports a young tornado

has been at work on his ranch. It carried the roof of a hay barn, which was sixty feet long and thirty feet wide, about one hundred feet and landed it in his oat field.

On July 28 there was a general frost all over the valley and in some places the garden and potatoes were all killed.

The weather is very hot and dry and the grain is burning up. If we don't get some rain soon there will not be enough hay to winter the stock.

Mr. Ross L. Perry of Imbler just shipped out a carload of iron to Seattle.

Jess Kilenbock is busy hauling wood from his place to the Junction.

Mr. Brown has arrived with his stock and will take care of the Birchett place.

G. W. Feather has gone to the harvest fields near Pendleton to be gone a month or two.

### Stomach and Liver Troubles

No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter.

**REMINGTON UMC**

## Wetproof Steel Lined Shot Shells

A NOTED Pacific Coast sportsman who has hunted everything from snipe to black bear, said recently: "The water-proofing feature now offered sportsmen in Remington UMC 'Arrow' and 'Nitro Club' Wetproof Shotshells, is the most important improvement made in the shotshell field in over a decade. The men who perfected the Wetproof system certainly know shotgun shooting and its requirements from field, duck blind and traps, as well as from the scientific angle."

Here is something that every man who lives in a wet climate or does his shooting in the stormy seasons ought to know about.

These are the first completely wetproof shotshells—a new and exclusive feature of the Remington UMC "Arrow" and "Nitro Club" Shotshells.

This is a process that took three years to perfect. It involved a deeper study of wet-proofing materials than has ever been conducted outside of the Remington UMC laboratories.

It means special paper for the shells; a special formula for the wet-proofing; new equipment invented to apply the wet-proofing compound. Virtually a new type of shell—adding to the shooting qualities of "Arrow" and "Nitro Club" the hitherto unknown quality of perfect resistance to wet.

It produces a shell that can be soaked in water for hours without swelling, and without softening the crimp—a shell that is as bone dry inside after soaking as before—a shell that works perfectly through the gun in all climates, and can be depended upon for sure fire, speed, pattern and penetration, wet days as well as dry.

A shell that you ought to know.
