"Central" Appreciates Your Kindness

There are three operators concerned in every telephone call—you, the party you are talking to and "central."
 All three parties must co-operate if the best service is to be had.
 The telephone operators are human, just as you are.
 Being human, they appreciate kindness and courtesy, but resent unkindness and discourtesy just as any of us do.
 Kindness begets kindness, courtesy creates courtesy and patience encourages patience.
 If you wish to get the best out of your telephone, make it a point to be kind and courteous to the operators.
