SOMETHING DOING ALL DAY

*Has Cove Got 'Em--Well, You
 Come and See!*

Palmer Valley

Palmer Junction, Aug. 14—(Special)—N. N. Mason is supplying the natives of Palmer Junction with milk this season.

J. W. Fehr is visiting his former home at Pendleton and laboring in the harvest fields to overcome the handicap of a short crop in this locality.

Huckleberries are said to be plentiful wherever there are bushes. Wild fruits of all kinds are a fair crop this season.

The work of laying the rails on the Looking Glass extension was begun last week and the canyon echoes with the voices of those who are grading, constructing bridges clearing right-of-way, etc.

Mrs. Wm. Hawkins went to Milton, Washington, Saturday, where she will visit relatives for some weeks and can fruit.

The flowers of May were never more welcome than a good rain would be right now.

Hugh M. Amsberry is working on the Looking Glass grade having recently returned from a few weeks' ranch work in the Grande Ronde Valley.

Oliver Young is engaged as a fire warden in Union county.

Fishing is rather poor this season, at least we have heard very few fish stories that average up with those of former years.

Carrots, potatoes, and cabbage promise well despite the hot dry weather.

The Cabin Crew school opened Monday, August 5th, with Miss Mildred Schone of Elgin, as teacher. The average attendance for the first week was eleven pupils, practically the entire school population of the district. The teacher is much encouraged with the prospect of a successful term of school. But it should be born in mind that the teacher cannot accomplish what is needed without the support of all those concerned.

Prominent Golfers Enlist

Portland, Ore., Aug. 14—Two of the best known northwest golfers today are preparing to go to the second officers' reserve training camp at the Presidio. They are Roscoe Fawcett, secretary of the Portland Golf club and sporting editor of the Oregonian, and Ellis Bragg, one of the ranking players of the Waverley Country club. Fawcett has managed the Gearhart summer tournament for the past two years.

North Bend—County will expend \$12,000 on macadam for South Inlet road.

WRESTLERS ARE TRAINING FOR THEIR MATCH

Harold Christensen is at Vincent, Oregon training for his match with Jack O'Neill, of La Grande, on Aug. 17 at Zuber Hall. He has been there for about ten days, and in a letter received by a friend from him today he says that he is in better shape than he has been for some time. He is training every day, running about six to ten miles to improve his wind, and taking long walks, and enjoying the fine air and water. He wrestles for an hour and a half every day with his wrestling partner and predicts that he will be in winning condition on the day of the match.

Jack O'Neill is working out at the Y. M. C. A. every day, with his staff of trainers. O'Neill always keeps himself in condition and is always as hard as nails. He has studied Christensen's style and is planning his defense for the holds that Christensen is fond of.

With both men in fine condition and up and a coming, the fans are assured of a fine, fast and thrilling match.

Christensen is not forgetting the fact that O'Neill is a pastmaster in the toe hold. He is giving this point particular attention and says that O'Neill will never be able to get the toe hold on him again. The occasion of his defeat by O'Neill was the first time Christensen was ever thrown by the toe hold in his life.

Adv.—8-14-t.

Coos County logging, mill and shipyard operators are now short 850 men.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

JAPANESE DIPLOMATIC WAR MISSION ARRIVES

A Pacific Port, Aug. 14—(U. P.)—The Japanese diplomatic war mission headed by Viscount Kikujiro Ishii arrived here yesterday from Japan on route to Washington where a study of American war conditions will be made.

A party of distinguished men, including Breckinridge Long, third assistant secretary of State, welcomed the mission at the pier. Escorted by a squadron of cavalry and were escorted to their hotel to prepare for the series of entertainments, receptions and banquets which will mark their visit here.

The first formal affair was a public reception at the city hall in which the mayor and the governor of the state participated. Last night gave a banquet for the visitors and today they will be taken on an automobile trip to points of interest near here. Five of the city's leading citizens will sit down to an elaborate banquet in honor of the mission tonight at which the governor, mayor and Viscount Ishii, will speak. The plans thereafter are indefinite. No announcement regarding the mission's future movements will be made. The visit of the mission to this country is regarded as one of the most important diplomatic events in many years. It is expected that Viscount Ishii, who has the power of envoy extraordinary and plenipotentiary, will have a hand in sharing a policy for Japan regarding the United States which will have an important bearing upon Oriental affairs during the next few years.

M. D. Brian and mother Mrs. Flora Brain of Jefferson, Iowa are visiting Mrs. E. D. Selder. Mrs. M. D. Brian has been here for the past two months.

PEYTON GRAVELY DID A GREAT THING WHEN HE INVENTED PLUG TOBACCO.

YES, BUT IT WAS THE GRAVELY QUALITY THAT WAS THE GREATEST THING

GRAVELY'S CELEBRATED Chewing Plug

BEFORE THE INVENTION (OF OUR PATENT AIR-PROOF POUCH) GRAVELY'S PLUG TOBACCO MADE STRICTLY FOR ITS CHEWING QUALITY WOULD NOT KEEP FRESH IN THIS SECTION. NOW THE PATENT POUCH KEEPS IT FRESH AND CLEAN AND GOOD. A LITTLE CHEW OF GRAVELY IS ENOUGH AND LASTS LONGER THAN A BIG CHEW OF ORDINARY PLUG.
