ported that tremendous rains have given us a whopper cabbage crop and that unless thousands of heads of it are at once turned into sauer-kraut it will be lost.

Despite that fact that we're at war with Germany, sauer-kraut is so popular in this country that the price has taken a big jump. It is an easy and exceedingly profitable way to handle surplus cabbage.

Last year a million dollars worth of cabbage went the sauer-kraut route.

### FAMOUS VAMPIRE OF FRANCE AT THE ARCADE TOMORROW

For years the leading theatrical managers of America have sought some means of presenting the most famous continental actors and actresses in America plays in which the difference in languages could be overcome. At last World-Pictures has found the method of doing this. With the organization of the Brady-International Service—World-Pictures the foremost French actors will be shown on America screens in American plays. This means that Americans will now have the long hoped for opportunity of seeing the beauty,

AT THE ARCADE THEATRE SUNDAY

Every genius has his master creation, and it is no discredit to Mr. D. W. Griffith to say that when he turned out "The Birth of a Nation", he gave the world and posterity to come the highest possible attainment of his powers—for he also gave a marvel that no other man could surpass.

To see "The Birth of a Nation" the first time is only to be electrified at its enormity, stupified at its myriads of flashing wonders; to see it a second, a third—many times, is to be enabled to sit back comfortably and enjoy it—immeasurably more at each successive sitting.

A celebrated eastern critic has said of it that it requires one sitting to catch "every other high place" of the terrific action; a second, to catch all the high places; a third to commence to realize all the wealth of drama that is continually going on between these high places—and after that, the ordinary spectator can commence to follow the entire production, as it flows, marveling at the tremendous harmony of the whole.

Its indisputable spell is being continuously proven in every section of the country—capacity houses turning out everywhere to see it every time it returns—and most of them to several of the performances at each engagement.

D. W. Griffith's "Birth of a Nation" is coming to the Arcade Tuesday, Augst 28th for the second time. Reserved seats for the evening show will go on sale Saturday, August 25th. Phone orders will be accepted.

The first offering in this service is "Atonement" which comes to the Arcade theatre on Sunday and which presents Regina Badet and Albert Signer in a particularly brilliant, intense offering. The story deals with the love adventures of a wonderfully beautiful and talented dancer. She loves and is beloved by one of the two musicians in her troupe. She is also loved by Count Strezzi, a wealthy bachelor who covets her for his own and who goes to great lengths to get her. The most sensationally 'thrilling drama imaginable develops from this situation and the story is compellingly portrayed by the two stars and the other members of the cast. the grove, the finish of French stars in compelling, powerful photoplays.
