REVIEW OF THE WEEK'S LIVESTOCK MARKET

Portland, Ore., Aug. 20.—(Special) The week's operations opened rather active and strong in most departments. Throughout the operations of the week some departments have held steady and some have looked strongly upwards. The volume of business extended to 2400 cattle, 2100 hogs and 2200 sheep.

Cattle
The offering in the early part of the week including some fairly well-finished material, and the week closes with a Saturday's business in well-finished steers. Through the middle of the week a considerable volume of business on stock and feeder stuff was transacted in the yards. Cattle prices have held steady throughout the week.

Hogs
The hogs offered on the market Monday morning passed at an advance over the prices of the previous week, and the market has been shooting upwards by leaps and bounds during the entire week. While the Portland market closed at \$16.75 with a few sales at \$17.00, the eastern markets extended Sat., above the 19 cent market, and the week closes with the hog market

looking sharply upward. Stock hogs are in great demand.

Sheep
The volume of business in the sheep houses increased as the week went by, as did also the prices offered. The sheep market looked upward in most grades throughout the week and closed at a quotation higher than obtained during the previous week.

Letters From The Front

(Letter from William Bradway to his mother, Mrs. A. S. Bradway, 1320 Y Avenue, La Grande.)

U. S. S. Saratoga, Aug. 5th, 1917.

Deather and Mother:—I received your two letters and bundle of papers all O. K.

I expect you think it is high time that I wrote but one can't write very well at sea, and I haven't had time till now since we got into port.

How is everybody at home? Am feeling fine myself; I didn't get seasick so I guess I will make a first-rate sailor with time.

I don't remember calling Lee a "doughboy" as I have known all along what to call him. "Leather necks" in the navy are Marines.

Joining the hospital corps seems to be a fad in La Grande. Some of them will find its a sorry fad. They will wish many a time that they were in the regular army or navy. Why don't some of those machinists enlist in the navy, instead of going in as a private in the army or where they only get about \$30.00 a month and work both day and night. I am getting my \$52.00, and I am not working any harder than I ever did and will have it easier yet when I get settled down. I also enjoy privileges which those fellows will never hear of.

Well I will close now.

Your loving son,
WILLIAM.

P. S.—You can publish this letter if you want to. If there is anything you want to know don't be afraid to ask; asking questions is a gift in the navy, so speak up.

I sent a plum-bob and a steel rule to you a few days before I sailed, did you get them? If you did you didn't say so, something which you want to be sure and do as that is the only way for me to tell whether they get there or not. Don't forget this no matter what it is. Please send me my small loose-leaf notebook.

CONGRESSWOMAN SPEAKS TO LARGE CROWD IN BUTTE

Butte, Aug. 20.—(United Press)—Condemnation of the rustling card system, denunciation of the murderers of Frank Little, a protest against the efforts of the I. W. W. to tie-up the grain crops, and a prediction of government control of copper mines in the Butte district if the supply of copper was interfered with for munition work, were the points featured in an address given by Congresswoman Jeanette Rankin this afternoon.

Fifteen thousand miners and citizens crowded the Columbia Garden's baseball park and heard the Congresswoman who came here from Washington to investigate the labor troubles.

Miss Rankin called the rustling card a blacklist on national scale. She upheld the miners in every contention.

JAP WAR PROSPERITY OVER-BALANCED

(By United Press)
Tokio, July 10.—(By Mail)—Japan's war prosperity has boomed so and her increase in specie holdings become so great that prices are at least 35 per cent higher than before the war. Purchasing power has been placed in the hands of many hitherto poor individuals, but production has not kept pace with this tendency.

McMinnville Bill Approved

Washington, Aug. 20.—The interior department has made a favorable report on Representative Hawley's bill temporarily to withdraw railroad grant lands in the McMinnville watershed as a protection for the city's water supply.

On Manners

La Grande, Aug. 20.—(To the Editor)—Some of the La Grande boys had better learn some manners. At the O. W. Picnic at Wallowa Lake Saturday one young matron who was so kind as to give her service and car to the transportation of the crowd from the depot to the Lake, was taking up a load when a tire blew out. They all got out of the car and the boys looked on while she repaired one tire, not even offering their services until she was all through. She of course, refused their belated offers of help and took them on up to the Lake.

Garlic Caused Russian's Arrest.

London, July 25.—(By mail)—(United Press)—Give a Scotland Yard man the scent and he'll follow it straight to the evidence. This is how the first arrest was made under the food hoarding act. Kirkor Tamirantz, a Russian, was nabbed for packing his pantry, mainly with garlic and cheese.

"Central" Appreciates Your Kindness

There are three operators concerned in every telephone call—you, the party you are talking to and "central."

All three parties must co-operate if the best service is to be had.

The telephone operators are human, just as you are.

Being human, they appreciate kindness and courtesy, but resent unkindness and discourtesy just as any of us do.

Kindness begets kindness, courtesy creates courtesy and patience encourages patience.

If you wish to get the best out of your telephone, make it a point to be kind and courteous to the operators.

Advertising An Investment

From a little talk by Don Francisco at a Los Angeles Ad Club Luncheon:

"ANY man who has anything to sell faces the problem of getting his invitation to buy before the largest number of prospective buyers. Printed advertising is the quickest and least expensive method, and this holds true whether your invitation is to eat breakfast food, buy automobiles or attend a masquerade."
