"HERE'S ANOTHER IDEA WE CAN USE, SIMPSON"

"That makes the fifth we got out of that 'Signal System,' doesn't it?"
"Yes, sir, and every last one of them is going to save time and money—and a lot of annoying details."
The big idea of "The Signal System" is instant and certain recognition of every office form by having each one printed on paper of an identifying color.
In helping many business firms to standardize their office forms, we have hit upon some very valuable time- and money-saving forms. You will find the actual forms in "The Signal System."
When you standardize your office, inter-office and branch forms, you will find that Hammermill Bond fits naturally into such a scheme.
It is tough and durable it is economical, it has fine, clean appearance, and is made in 12 colors and white, and is made in three finishes which produce a smooth, a ripple and a linen surface. You can get it quickly, too.

Experience the Best Teacher.
It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.
