Our officers invite conference.

United States National Bank La Grande, Oregon

I had better quit for this time and if we get to go to N. Y. will tell you all I see. Will write to you every day. You had better use the 1st address I gave you for that will be better, only a little longer.

Now please don't worry for I am all O. K. Love to papa and Ted and lots to you both.

Your loving boy and brother, SURBER.

WEST IS LEADING WAY IN ATHLETICS

By H. C. HAMILTON (United Press Staff Correspondent) New York, Sept. 12—The unexpected fervor with which western athletics entered into the A. A. U. games at St. Louis recently, the splendid form they showed, the able tennis played by westerners at Forest Hill, and the fact that western colleges have led the way in keeping football in the curriculum of sports declares more strongly than anything else could that the west has turned from the east for its athletic guide and is going it alone.

A few years back sports activities practically centered in the east. The big football games, the big track meets, even the world's series were pulled off on the Atlantic seaboard. There was a strong attempt early in the summer to discredit the obstacles under which St. Louis was laboring in order to stage the annual A. A. U. games and there was a concerted effort to remove the games from Missouri metropolis back to the east. It failed when the St. Louis sports lovers went into the fight with both feet and held the games.

The spirit was a commendable thing but the fact that so many athletics—most of them westerners, by the way—attended was a most encouraging thing to the west.

There are so many persons living in the east that the west gets little consideration in most things. The big games in this section are able to draw from a vastly larger population, and consequently more profitable.

It now appears that Chicago will get the American league and of this year's world's series, thus adding another sports feature to a brilliant year for the west. The biggest kind of football is going to be almost exclusively centered in the west this year. When the war is over and sports begin to take their regular turn with everything else, the west is going to have something more to say than has been granted in recent past years.

clusively centered in the west this year. When the war is over and sports begin to take their regular turn with everything else, the west is going to have something more to say than has been granted in recent past years.

Safe Remedy For Children. Every parent is, or should be, careful in giving medicine to children. Chas. Baker, Brownville, Tex., writes: "For some years past I have used Foley's Honey and Tar and have found it especially efficient for bad coughs of my children. I always recommend it to my friends as a safe remedy for children as it contains no opiates. My wife would not think of using any other kind of cough medicine as it is certain to bring quick and lasting relief." It checks croup. Sold everywhere.—Adv.

3751 People Have Used Public Library

The latest borrowed registered at the public library is 3751st person to make use of the privileges of the institution. The librarian has been revising the registration file, and has thrown out the cards of all persons who have not borrowed a book since Dec. 31, 1915, or who are known to have moved away. This leaves 2348 persons in good standing as to library cards. It is interesting to note that the first hundred registered in 1912 have allowed the fewest lapses in their use of the library.

The public library is a tax-supported institution, free to all the citizens of La Grande. Children are required to obtain the signature of parent or guardian on their applications.

Never Bothered Since. After suffering with terrible pains in his back and around his kidneys for eight years, and after having tried several doctors and different medicines, Alvis Souers, Ade, Ind., writes:

"Foley Kidney Pills were recommended to me and the first bottle removed the pain. After taking three bottles the bloating was all gone and has never bothered me since." When relief can be had so quickly why not banish backache, rheumatic pains, stiff and swollen joints caused by disordered kidneys? Sold everywhere.—Adv.

Letters From The Front

Mrs. J. W. Klein has received the following letter from her son Surber who is with the Hospital Corps: Garden City, N.Y., 9-7-1917.

Dear Mother and Sister: It is just 10 a. m. and I am on K. P. today so will write between times. All of the boys are doing work of some kind today until we get camp straightened up. Last night we all slept pretty cold and I guess will until we get used to this climate. Last night some of us were down to the Y. M. C. A. and the fellows from the East and South liked to have talked an arm off of us. The Alabama troop are all fine fellows, but they are some fighters. They had a big fight just before we came here with a Co. from New York. I think they all think we are wild but we are a long ways from any of them, so will keep to ourselves. There were 15 hospital men just came in from Delaware and either go in our Co. or some other Field Hospital, but are with us at the present. We may all get a 24 or 36 hr. pass to see New York but do not know yet for sure. I guess if we stay here long we will have to get used to some Eastern ways, but the eastern soldiers don't seem to be
