SAFE REMEDY FOR CHILDREN.

Every parent is, or should be, careful in giving medicine to children. Chas. Baker, Brownsville, Tex., writes: "For some years past I have used Foley's Honey and Tar and have found it especially efficient for bad coughs of my children. I always recommend it to my friends as a safe remedy for children as it contains no opiates. My wife would not think of using any other kind of a cough medicine as it is certain to bring quick and lasting relief." It checks croup. Sold everywhere.—Adv. eod.
