LOJOIE AT LAST WITH A PENNANT WINNER

By H. C. HAMILTON
(United Press Staff Correspondent.)
New York, Sept. 28.—After 24 years of brilliant playing—star of ages at his position, Napoleon Lajoie finally has landed with a pennant winner. And he put it over himself.

Lajoie celebrated his first year as a minor league manager by winning the International league pennant for Toronto in one of the toughest seasons the old league ever had known. The going was so tough the battle was not settled until two days before the season closed. Three clubs were in the fight right to the finish and they all finished with an average better than .550.

It is told wherever the baseball league is spoken that Lajoie came into the baseball business quite by accident, and it is declared wherever baseball is known that Lajoie embodied the superlative of grace in fielding and hitting skill. It is declared—the master second baseman was a cab driver when some one found out that he could bust baseballs with a bat—and put him to work.

As a second baseman with the old Cleveland Blues Lajoie's fame mounted high. Originally with Philadelphia in the National League, he was one of the players turned over to Cleveland when the American and National Leagues settled their differences. He was a tremendous hitter for years and hung up a playing record as a big leaguer that makes most others fade into nothingness. He ended his American league career back with Philadelphia, but was in harness only part of the time.

Lajoie was a big league manager

at one stage of his career—when he took charge of the Cleveland club and made a failure of it. There are rumors now that he is due for a return to the big show as manager. His success in piloting the Toronto club to a championship in the face of such odds as he was called on to face has given him wide publicity as a strategist. Colonel Jacob Ruppert, president of the Yankee, and Barney Dreyfuss, president of the Pirates, are both said to be after his services.

Rumors that are connecting Toronto with an American League club might take more definite shape with Lajoie at the helm of such a club, but the plan is to move the Washington club which would entail immediate transfer of Clark Griffith as manager, for the Old Fox owns a big share of the Senators' stock. He hardly would consent to sell it.
