An Easy Way To End Catarrh Forever

Simple Home Treatment Destroys Germs of This Dangerous Disease.

The air is always full of catarrh germs thrown off by one person and absorbed by another and when your system fails to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly. You must kill these germs before you can cure catarrh.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomei (pronounced High-o-me). This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hard rubber inhaler which the La Grande Pharmacy and other leading druggists here in La Grande and vicinity supply with every treatment. This medicated air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy. People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and hear such good reports from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. If you are troubled with indigestion or constipation give them a trial. They will do you good.
