Letters From The Front

The following letter was received from J. E. Waller by Mr. and Mrs. Krouse, of this city:

Dear Friends:—I suppose you have begun to think I have forgotten you. But ask you to excuse me for not writing as I have been so busy. We are drilling six hours a day and have two hours lecture in the afternoon on first aid work. I like the first aid work much better than the military drilling. Secretary Baker, of the War Department, was out here today and the whole Rainbow division was passed in review. They always have one of those review marches before they send any troops away. I don't know just when we will leave. But think it will be about a month. I like this camp much better than the one at Clackamas. It is fixed very convenient. They have built 15 barracks since we came. And are still putting up more of them. They are planning on bringing some of the drafted men to this camp when the Rainbow division leave here. They are going to give all of us another examination before we go across. They say it is a very strict examination, but I don't think there will be any of the boys fall out of our bunch. The people of the East think the boys of the West are just about right. It seems funny to see the combination butcher shops they have back here. They sell groceries, meat and all kinds of liquor; but none of us fellows are allowed to buy a glass of beer. I was down to Freeport yesterday. That is a small town just four miles from our camp. A bunch of us boys hired a motor at the beach and went out to catch some whale, but all we caught was one small flounder. When we felt him biting we thought it was a whale. But found out it was a big mistake. Ha! Ha! I guess I have written enough nonsense for one time. Will close as it is about lunch time. Hoping to hear from you soon. Best regards and good wishes to all of you, and I thank you many times for the lunch you gave us boys. I remain as ever, J. E. WALLER.

The following letter was received by The Observer from Sidney Happersett:

Camp Mills, L. I., N. Y., Sept. 23, 1917.—Dear Sir:—This morning we were in a grand review before Secretary of War Baker before whom the whole Rainbow Division passed in review.

The Hospitals were on the end of the column and we had a long time to wait while all the other companies passed before we fell in at the rear.

The Hospitals are always supposed to be behind the rest of the Army and as much out of the way as possible.

The Southern troops do not come up to the Western troops. The men seem to be of a poorer type and they do not keep their uniforms as clean as they might with a little effort and care.

Last Saturday evening and Sunday I was in New York City seeing the town and had my first view of the Atlantic Ocean at Coney Island, which is quite a place and there was such a crowd that they had a row of policemen down the sidewalks to keep the crowd separated, which was going each way and to try and keep them divided.

Sunday I went out to Central Park. It is quite a place. It is only about 150 blocks long or more.

The fellows don't care so very much for New York City as they seem disappointed in it and I am rather that way, too.

While they have lots of fine big buildings they have plenty of old ones and of the poorer class as soon as you get off the main streets, and even on Broadway they were tearing big holes in the pavement to plant more sidewalks or wires as all the telephone wires are under ground.

Last week they issued us our trench shoes which are a heavy, hob-nailed shoe with the smooth side of the hide turned in.

A fellow feels like a lumberjack when he goes down the road.

They also issued us our belts and knapsacks and the poles for our shelter tents. We carry our first aid

equipment of bandages and first aid stuff in the pockets that run all around it. There is a hatchet attached to the belt and so far it is the only weapon of any sort that has been issued to us, though we are allowed to carry either revolvers or rifles if they think it is necessary, though it will be a long time yet before we will be anywhere we will need them, even if we should go over right away.

There is plenty of talk that we may go over within a week or ten days, but there is nothing official.

Last night as I came out of the Y. M. C. A. in Hempstead, who should step up to me and grab my hand but Ernest Vehrs, who came to see his brother and could not find him, so I brought him out to camp with me and the boys made room for him to sleep and he stayed with us all night and left this morning for Philadelphia where he is going to school this Winter.

Anybody from Oregon is sure of a welcome with us here, and we are always glad when they look us up.

Yours truly, SIDNEY C. HAPPERSETT.

RECORD BREAKING CROP FOR SOUTH AMERICA.

(United Press.) Buenos Aires, Aug. 25.—(By Mail.)—Reviewing the crop situation for the current season, the Buenos Aires Standard draws the conclusion that the republic seems likely to have a record breaking yield, but it questions whether this will do the country much good under existing circumstances. "The outlook would be most encouraging," says the Standard, "if we could count upon freighters to carry the grain to 'hungry Europe.' "But will Europe be hungry enough to purchase Argentine's grain in bulk? That will depend upon what the allies think will be Argentine's position politically when the harvest is gathered. They are making every effort now to so harmonize their pooled produce as to make purchases from neutrals as light as possible, not because neutrality is a crime to be punished, but a policy that will not be encouraged. "Freighters will be very scarce when neutrals ask for them to carry their produce to the war-bitten markets."

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. F. M. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.
