HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Y. M. C. A. SECRETARIES ARE AIDES TO CUPID.

Camp Lewis, Tacoma, Wash., Oct. 3.—Aides to Cupid are the secretaries of the Young Men's Christian Association here.

Sentiment is their stock in trade, lovesick phrases their specialty. Miner, cowboy, farmer, laborer come to these sentimental secretaries to write letters to the girls the men left behind. And the Y. M. C. A. men write.

First, the secretaries find out how much the man really thinks of the girl if he intends to marry her: "when he comes back," how long they have been going together, and then he writes.

These agents for Cupid say the number of men who come to them for advice and letters is constantly increasing. The men are encouraged to ask for help in letter writing, and each case is carefully handled.
