KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

"Do Your Bit" Mr. Merchant. International Newspaper Window Display Week. We are asking the live merchants in this city to co-operate with the newspaper, on International Newspaper Window Display Week beginning Monday. We naturally want the displays of newspaper advertised products in this city to be a little better if possible than the showings that will be made in any of the 400 other cities. We want the local show windows to be worthy of note, a credit to dealer and manufacturer. We want every merchant to "do his bit"—and it is a very simple thing. Put the goods that have been advertised by the manufacturer in this newspaper in your windows. Keep them there next week. That's all there is to Window Week—Yet your displays added to the displays made elsewhere will make the greatest show window in the world.
