HOW I AM DOING MY BIT TO HELP AMERICA WIN THE GREAT WAR

By A. CORRIE.
(Engineer, Southern Railway, Atlanta
Go.)
(Written for the United Press.)

Atlanta, Ga., Oct. 9.—The importance of the railroad man's part in helping America win the war cannot be over emphasized because it is easily apparent that all the armies, munitions, and food supplies produced by our country would be useless in the fight against Germany without transportation facilities. What good is a gun unless you have a railroad man to take it where it is needed? And what good is a gun without shells—without food for the men who fire it? This is the railroad man's job and his great duty to the Nation at this time.

I believe that as an engineer for the Southern Railway I am doing my bit to help America win the war just as much as the young men who are joining the Army and Navy. And by being efficient, watchful against dangerous practices and by careful use of my engine I believe there is an opportunity to increase the usefulness of my services to the country in this emergency.

I am making an effort to do these things. The locomotive that I now drive has been in my charge for four years and eight months. During that time as a result of the care and attention I give the working parts after completing my run, it has never been sent to the shops for heavy repairs. Altogether I have driven it over 272,000 miles without a breakdown. After each run, I spend from 30 minutes to an hour going over each working part to see that no condition exists that may result in accident or breakdown while out on the line.

By keeping my engine out of the shop and by consuming as little coal as possible in running it, I feel that I am contributing my part to the efforts of my superior officers to produce the maximum transportation efficiency which is necessary to win the fight, and in doing these things to the best of my ability I think I am justified in the belief that I am doing my bit for my country in the present emergency.

An Easy Way To End Catarrh Forever

Simple Home Treatment Destroys Germs of This Dangerous Disease. The air is always full of catarrh germs thrown off by one person and absorbed by another and when your system fails to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly. You must kill these germs before you can cure catarrh.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomei (pronounced High-o-mei). This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hard rubber inhaler which the La Grande Pharmacy and other leading druggists here in La Grande and vicinity supply with every treatment. This medicated air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy.

Worth Their Weight in Gold.

No man can do his best when suffering from backache, rheumatic pains, swollen joints, sore muscles or other symptoms of kidney trouble. B. H. Stone, 848 N. 2nd St., Reading, Pa.,

writes: "I contracted a most severe case of kidney trouble. I gradually grew worse and for months was unable to attend to business. I began to use Foley Kidney Pills and soon found the pains were gone and I have had no aches since. They have been worth their weight in gold to me." Sold Everywhere.—Adv.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy. The E. W. Rose Co., Cleveland, O.
