HOW SENATOR McNARY VOTED.

In supporting the passage in the Senate of the $2,000,000,000 revenue bill, Senator McNary, of Oregon, made it plain that he did so because a war cannot be fought without money, yet hoping that a greater proportion of the money could be collected from those colossal institutions that are enjoying the fruits of the war and thriving upon the enormous expenditures made necessary by the world conflict. The Senator said: "I would not support a measure that considers the profiteers too tenderly."—Union Republican.

CAMP LEWIS NOTES.

(United Press.)

Camp Lewis, Tacoma, Wash., Oct. 13.—In amount of mail handled, the Camp Lewis postoffice is one of the largest in the state of Washington.

With 35,000 men in training, an average of one letter a day is mailed daily by each one. The incoming mail is probably even greater.

Monday is the busiest day in the camp postoffice, as most of the men write a few letters Sundays. Last Monday 55,600 letters were mailed.

Two motor trucks from the Quartermaster's Department are kept busy hauling the mail to the regiment headquarters. Although the present postoffice building is twice as large as the one originally planned for the cantonment, it is overcrowded and additional room will probably have to be provided when all the 50,000 men arrive.

Dogs are, of course, the most popular company mascot in the camp. However, one company has a monkey; another brought a cow to camp and a fawn, a turtle and a bantam cock are here as pets. But the Montana bunch which brought a rattlesnake claims the prize.

Colonel H. LaT. Cavenough was walking across the parade grounds the other day. A soldier was leaning against a building and did not move as the colonel passed.

Colonel Cavenough stopped. "How long have you been here?" he asked.

"Three days," said the man. "How long have you been around here?"

MAXWELL OWNERS ARE AWARDED LIBERTY BONDS

In the recent contest staged by the Maxwell Motor Company in a Nation-wide gasoline economy test, over 40 Maxwell owners on the Coast were awarded Liberty Bonds ranging from $50 to $200 as a reward for their efforts in establishing some new high marks in gasoline economy.

In San Bernardino several Maxwell owners received $200 Liberty Bonds, one owner making 49.5 miles to a single gallon of gasoline, together with 12 other entrants who made a total average of 39.7 miles to the gallon. The highest mileage recorded was made in Atlanta, Ga., where one owner made 51.9 miles. Out of 2000 competitors the grand average was 22.7 miles to the gallon and is considered remarkable in view of the fact that no special adjustments were permissable and each owner was compelled to drive his own car.

Numerous contests of a like nature will be arranged from time to time and many owners are seeking information concerning exact dates of the contests, being anxious to better their former high marks. 10-13-17.

BIG ELK WILL VISIT NORTHWEST THIS WEEK

Portland, Ore., Oct. 13.—Fred Harper, grand exalted ruler of the B. P. O. Elks will visit the Pacific Northwest this week. Coming up from California, he will arrive in Portland Friday, visit Tacoma Saturday and then Seattle. Other high lodge officials are accompanying him.

Greece will soon put an army in the field.

STRAIGHT SHOOTING

Straight Shooting is one of those Western features (five reels) where the cowboys are real horsemen that can ride—and do ride. A feature that is action—action—all action. Harry Carey is co-starred with Molly Malone.

A LOSS TO THE STATE.

In the death of Judge Robert Eakin the state loses another of its honorable men. Judge Eakin was an honest and upright man and his dealings were always fair. His death is mourned by his many friends in this city.—Union Scout.

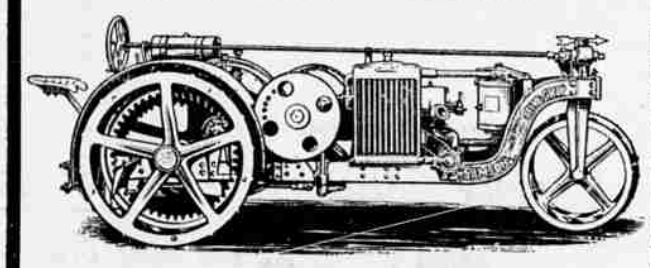
HOUSES FILLING UP IN UNION.

Houses in Union are filling up rapidly and it is beginning to be difficult to obtain one for rent. The schools are doing the work.—Union Republican.

OR A LUMP OF COAL.

A plump grain of wheat would not disgrace a Tiffany setting.—Weston Leader.

SAMSON TRACTORS



SIEVE-GRIP

SAMSON SIEVE-GRIPS IN A CLASS BY THEMSELVES.

Original ideas developed through experience and necessity are embodied in Samson Sieve-Grip Tractors. You will find features there not thought of by others.

Recently we have secured letters patent on the method of connecting the air breather of a gas engine crank case to our patented NODUST-MOISTO-RIZER. This will be another exclusive feature in Samson Sieve-Gripe Tractors, or otherwise an infringement if used by others.

The close connection of our management, being direct in touch with the actual operation, wants and requirements proving to be necessary in the small size farm tractor, we attribute largely to the success of the Samson Sieve-Grip.

It is our aim to manufacture a one hundred per cent efficiency tractor, sold at a right price, and give service that secures satisfied customers.

The Woman Who Pays

by check instead of in currency escapes a lot of worry about money matters. She has an accurate record of where her money goes and a receipt for every penny she has paid out. Besides it's so much safer to have the cash in the bank than in the home. Our special department for women will be glad to give information.
