"Central" Appreciates Your Kindness

There are three operators concerned in every telephone call—you, the party you are talking to and "central."

All three parties must co-operate if the best service is to be had.

The telephone operators are human, just as you are.

Being human, they appreciate kindness and courtesy, but resent unkindness and discourtesy just as any of us do.

Kindness begets kindness, courtesy creates courtesy and patience encourages patience.

If you wish to get the best out of your telephone, make it a point to be kind and courteous to the operators.

LIBERTY BOND SUBSCRIPTIONS ARE FAR BEHIND

TIME LIMIT HALF UP BUT PROGRESS IS NOT ENCOURAGING. IT IS STATED.

(United Press)
Washington, D. C., Oct. 15.—The second Liberty Loan campaign is half over in point of time, but not in subscriptions. With the Nation far behind, treasury officials declared that progress wasn't causing optimism.

Three hundred and fifty million dollars must be subscribed daily during the next 13 working days of the campaign.

The Treasury Department wants small investors particularly. The department notified campaign organizations to intensify efforts.

San Francisco reported brisk sales in the Twelfth Federal Reserve district, including the Northwest. It is unofficially estimated that two-fifths of the district maximum allotment, \$139,000, has been already subscribed.

Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.—Adv.

LETTER FROM THE FRONT

The following letter was received by Irene Gibson from her brother, Hugh, who is at Camp Greene, N. C.:
Camp Greene, N. C., Oct. 2, 1917.
Dear Sister: I arrived in Camp here at noon today and have had but very little chance to see what the camp looks like, but it sure is a large one.

We left camp at noon the 24th and it took just eight days to make the trip. We stopped about an hour at the State Fair at Salem and heard an address given by Governor Withcomb and again at Woodburn and again at Albany, where Company K has its headquarters.

Our next stop was at Roseburg, where the main body of Company I was stationed last spring and although it was 11:30 at night there was over two thousand people at the train. We stopped again at Ashland for our morning exercise and were given a warm welcome there. We then crossed the Siskiyou Mountains into California and stopped at Dunsmuir for more exercise. We went through the lower Sacramento Valley at night and missed the city of Sacramento by about a mile and a half and went southeast to Fresno and from there to Bakersfield, where we detrained and took in the city for about two hours and went south again through Los Angeles and on south to Yuma, Arizona, where we again detrained for exercise. We detrained again at Tucson and had a shower bath and a swim in the Tucson Y. M. C. A., which sure felt good after traveling

Corner Cove and Jeff. Ave. Phone Red 51

For three days. Our next stop was at El Paso, Texas, as on the Mexican border where we were given sandwiches and coffee by the Red Cross of that city. We exercised again at San Antonio and at Houston and from there we went on into New Orleans where we stopped for about two hours and went east on the Louisville and Nashville Railroad to Mobile, where we exercised again. We exercised again at Atlanta and from there came on to this place. It was sure a good trip going up the Willamette Valley through the Umpqua and Rogue River Valleys over the Siskiyou pass and down the Sacramento Canyon into the lower Sacramento Valley and on into the Bakerfield oil district across the Tehuacapi (T-hatchi-pee) Mountains and across part of the Mojave (Mo-harvey) desert and on into Los Angeles and the orange district of Southern California. We went along the edge of the Salton Sea for about two hours (60 miles) and went on and crossed the Colorado River at Yuma, which is the hottest place in the United States. From Yuma our route lay through the desert and cactus country of central Arizona and New Mexico and into the grazing country of western Texas.

Our route from San Antonio lay through the great cotton country of Texas and from there we went into the great sugar cane fields of Louisiana and through the Mangrove and Cypress swamps of the sunny south into New Orleans. From New Orleans we went east along the Gulf of Mexico to the city of Mobile and from there west north through the forests of Turpentine Pines into Atlanta and from there we passed through the hick woods country of northern Georgia past scores of sorghum mills and into Camp Greene. Well, good-bye.

HUGH E. GIBSON,
Company I, 162nd U. S. Infantry,
Camp Greene, Charlotte, N. C.

The following letter was received from Sidney Happersett who is with the Hospital Corps at Long Island:
Camp Mills, Oct. 4, 1917.
Dear Sir: Thanks for the papers they are always of interest and we are all interested in the happenings at home.

We have had quite a lot of visitors lately. Mrs. Pat Foley visited us for a little while a few days ago.

Earnest Vehrs was a camp visitor awhile back and we managed to keep him over night and gave him a sam-

Sour Stomach.
Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the

Red meats are most likely to cause sour stomach and you may find it best to cut them out.—Adv.

He's telling her that nothing he received from home brought more joy, longer-lasting pleasure, greater relief from thirst and fatigue, than

WRIGLEY'S

THE FLAVOR LASTS

She slipped a stick in every letter and mailed him a box now and then. Naturally he loves her, she loves him, and they both love WRIGLEY'S.
