This Engine Can Haul Train Two Miles Long.

PORTLAND, Ore., Oct. 23.—(Special.)—“A new type of freight locomotive has been built for the Union Pacific System by the Baldwin Locomotive Works,” said Mr. J. P. O'Brien, vice president and general manager of the O. W. R. & N. Co. “It is of massive construction, and in its operation will take the place of two locomotives of different types at present in use on freight trains.”

“The total weight of the engine and tender is 552,000 pounds. The driving wheels are ten in number and have a diameter of 63 inches. The engine is a coal burner, with a fuel capacity of seventeen tons and a tank capacity of 10,000 gallons.”

“The new locomotive is capable of hauling, on a level track, 22,930 tons, or a train of 305 modern 50-ton freight cars loaded to capacity. In other words, it is capable of hauling a train more than two miles in length. The capacity of the Mikado, one of the locomotives to be replaced, is 15,553 tons, or 207 cars.”

ARCADE

BIG HIPPIE SHOW TOMORROW

The Hippodrome vaudeville show that was presented at the Arcade last Wednesday evening was a marked success, as was attested to by the large audience that witnessed the performance. Tomorrow will be seen another vaudeville bill which is as good if not better than the first.

The new bill which will be seen at the Arcade tomorrow only includes a very nifty novelty illusion and dancing act in which Frevot-Merrill & Co., have won much popularity in the East during the past season. Barrett & Bayne in original clean comedy, singing, talking and yodeling constitute one of the big features of the show. Davis Ellison, a flexible equilibrist of note and Perdrat, one of the most accomplished piano accordionists in vaudeville will also be on the bill. One thing especially, that made a big hit last week was the overture as played by the Arcade orchestra and accompanied on the big pipe organ by Stevens. Another popular number has been prepared for this week and those attending the show will be assured of a treat.

The matinee will start at 2 o'clock with one full showing of the vaudeville. The Keystone comedy picture will be shown twice. The prices for the matinee will be 25c and 10c. The evening performance will begin at 7:15, the doors are open at 7 o'clock. There will be two complete shows in the evening. Admission 30c, children, 15c.

PLEASING BILL AT STAR

At the Star Theatre for Tuesday and Wednesday will be seen a most pleasing selection of short reel subjects. The big Star picture is “The Railroad Raiders,” with the ever popular Helen Holmes. The third chapter is called “Inside Treachery.” As a good laugh producer, the long thin Lonesome Luke has been brought back and will again be seen at the Star. The Bison company promises to come through with a good drama, so from this lineup one can see that a most pleasing bill has been prepared. On Thursday and Friday, the regular vaudeville days, something good has been brought in for the patrons. Dick Hyland and two very nifty looking young ladies will be before the footlights for the entertainment of the public. This act with the big Triangle picture is bound to more than please. The management of the Star is endeavoring to give the people the best that can be had and also trying to please all. They have brought some mighty big stuff to the Star and will bring just as big if not bigger features during the season. The management will consider it a big favor if any of the patrons have any special picture that they would like brought here, to make their wants known and if it possible to do so, the picture will be presented here.

DESERTERS ORGANIZE TO PROTECT THEMSELVES

(By United Press.)

BERNE, Oct. 5.—(By Mail.)—One of the strangest organizations on record is forming in Switzerland—an association of military deserters designed to protect their “interests.”

Military deserters from belligerent nations surrounding Switzerland overrun the country. Their presence constitutes a growing embarrassment to the government and proposals have been advanced to round them up in an internment camp.

Alarmed by such reports, the deserters have been inserting advertisements in Swiss newspapers, calling upon all comrade slackers to “form an international organization.” The organization committee consists of Germans, Austrians and Bulgarians.

WE ASK YOU TO COMPARE  **MODART CORSETS** Front Laced

WITH ANY OTHER CORSETS

We ask you to compare for—quality. We ask you to compare for—lines. We ask you to compare for—workmanship.

And when you have given it a thorough, impartial test by wearing it—we will leave it to your judgment whether or not there is any other front laced corset in the Modart class. We chose to specialize on the Modart Front Laced Corset, to feature it in our advertising, to recommend it to our customers—only after a thorough study and search of the corset field. And only after we were convinced that no other front laced corsets compared with Modart in quality and fine fitting features, did we choose them.

Our expert, scientific corset fitting service always at your free disposal
