NEWSPAPER WOMEN EXPOSE FOOD GAMBLERS IN SENSATIONAL TRIAL

June Justice, reporter on the Globe, has made a sensational arraignment of several prominent business men in New York City, charging them with

vicious and unlawful "food gambling" and declaring she will produce evidence branding them as traitors to their country.

Miss Justice reveals pitiful conditions in the homes of New York East Siders, where, she says, the people are actually in the grip of starvation. "Pale-faced mothers seek in vain nourishment for their starving babies while a ring of the most despicable grafters traitorously plan to hold up supplies in order to reap gold. These men I consider greater traitors to our country during its time of need than

the man who betrays war secrets to the enemy."

This dramatic statement was made by Miss Justice before the courts. She claims that the men whom she accuses conspired to imprison her on the charge of selling "dope" in order that she might not expose their designs on the food market.

This is the story of the new Triangle play, "The Food Gamblers," which will be shown at Star Theatre Thursday and Friday. It was produced under the supervision of Allan Dwan. Elda Millar appears as June Justice and Wilfred Lucas as Henry Havens, food commissioner.

Halloween Social

At Y. M. C. A. Tonight

Pumpkin pies, cider and apples will be served at the big Halloween-vaudeville social given by the teachers of the public schools at the Y. M. C. A. this evening. "Some Time" is the slogan adopted by the teachers and every one who attends will remember the event for a life time. Some thing doing every minute is what the committee intends staging, the vaudeville show will be worth the price of admission which is ten cents and the treats will be given free as an extra measure.

The entertainment committee is planning on giving six acts in the vaudeville show and will give two shows 8 to 9 and 9 to 10. One of the main attractions will be the Souse-a-band and is itself worth the price of admission. The members of the band are working hard and expect to make an overwhelmingly popular debut. The instruments that will be used were gotten under great difficulty and in the few practices the members have mastered their instruments in great shape. The other attractions will be much enjoyed by those who attend and are really worth the effort of going a great distance to see and hear. The decoration committee is planning to decorate the building in real Halloween style.

WASH THE KIDNEYS!

All the blood in the body passes thru the kidneys every few minutes. This is why the kidneys play such an important role in health or disease. By some mysterious process the kidney selects what ought to come out of the blood and takes it out. If the kidneys are not good-workmen and become congested—poisons accumulate and we suffer from backache, headache, lumbago, rheumatism or gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed at night. So it is that Dr. Pierce, of the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., advises "Washing the Kidneys," by drinking six to eight glasses of water between meals and then if you want to take a harmless medicine that will clear the channels and cure the annoying symptoms, go to your nearest drugist and obtain Anuric (double strength). This "Anuric," which is so many times more potent than lithia—will drive out the uric acid poisons and bathe the kidneys and channels in a soothing liquid.

If you desire, write for free medical advice and send sample of water for free examination. Experience has taught Dr. Pierce that "Anuric" is a most powerful agent in dissolving uric acid, as hot water melts sugar. "Anuric" is a regular insurance and life-saver for all.
