OF INTEREST TO WOMEN

Best War Time Receipts.

Every loaf, cake or muffin made in whole or in part from some other cereal than wheat flour is entitled to a place in the long list of war breads that patriotic cooks have been zealously making as their contribution to the food conservation campaign. Most housewives know how to make rye bread and cornmeal muffins, but there are many excellent ways of using wheat flour substitutes which are not yet common knowledge.

The Royal Baking Powder Company has collected in a little booklet, entitled "20 splendid formulas for making which it calls "Best War Time Receiving such interesting and patriotic foods as rye rolls, hominy muffins and eggless, milkless and butterless cakes. The booklet is dedicated to the housewives of the United States who are assisting the Government in its work through the Food Administration. I wish it were possible for every cook and home baker to have a copy of the attractive booklet. And that you may better be prepared to help Mr. Hoover save wheat, write to Ruth Watson, director of the Educational Department of the Royal Baking Powder Company, New York city. She will be glad to send you a copy of her splendid booklet.

HAMPTON COURT SINGERS.

THOROUGHLY delightful, alike to those who wish good music rendered in faultless manner and those whose tastes demand the quality of entertainment in a musical program, the platform offering of the Hampton Court Singers has won for the organization a host of friends among the patrons of the lyceum. This company occupies a distinct field, presenting as it does a varied program in which old English motion songs are featured. A musical sketch in costume adds to the delight occasioned by songs in the fine old period costumes of the chivalric days in which the songs were written. The clever blending of the program takes the hearer back to the days of romance, and the musicianship of the members of the company is such that they give a thoroughly satisfying performance, viewed solely from a musical standpoint. Eye and ear alike register approval of the work of the Hampton
