North Powder News

NORTH POWDER, Ore., Nov. 2.—(Special.)—One of the young men who was working on the combine for Siegel Heard of Missouri Flat had the misfortune to cut his face badly on the wheel of the combine. He was trying to crank the machine and in stooping over it hit his face with the result of cutting a gash which took three stitches to close. It is doubtful if the young man will be able to control the facial expression on that side of his face as some of the muscles were severed.
