GEORGE BEBAN IN "LOST IN TRANSIT"

George Beban will appear in "Lost in Transit" at the Arcade Theatre tonight.

Two years and a half after the birth of his little son, whose advent had cost him the life of his wife, and whom he had therefore sent away to a home for motherless infants, Mr. Kendall, a wealthy merchant, decided that he needed the boy after all, to brighten the lonely home, and he telephoned for the child to be brought immediately.

On the way up, however, the child mysteriously disappears from the carriage and the father and servants are completely mystified.

In the meantime, Nicola, a kindly, naive Italian junkman (George Beban), finds a boy of about two and a half years of age, believed by parents to be dead.

... finds the child may have him—no one wants him. Nicola is delighted with his charge and takes him to his humble home in triumph, stopping on the way to exhibit the boy to his two friends, Nita Lapi and Paolo Marco, his rival for Nita's hand.

They advise taking the child to the police station, but Nicola keeps putting this off on one excuse or another as he grows very fond of the boy and hates to part with him.

Up at the big Kendall home, the frantic father offers Mrs. Flint, mother of the home where his boy had been, \$5000 for the return of his child. Mrs. Flint is a hard, calculating woman and resolves to win the money at all costs. She advertises in the papers, adding "No questions will be asked."

Paolo Marco, Nicola's rival, seeing

the advertisement, thinks it an opportunity to make a little money if the child Nicola has found should prove to be the Kendall child. The effects to take away Nicola's child make an absorbing story and gives Beban a great opportunity.

NO INCREASE IN PRICES FOR "COME THROUGH"

On account of the strain that has been on everyone's pocketbook lately there will be no increase in prices for "Come Through" although this is an extra special feature which costs much more than the regular service of the Arcade Theatre where this film will be shown Monday and Tuesday nights. The prices will be: Muffins, adults, 15 cents; children, 5 cents; evening, adults, 20 cents; children, 10 cents.

Man Troubled for Two Years.

Men and women should not suffer from backache, rheumatic pains, stiff joints and swollen, sore muscles, when relief can be easily had. James McGraw, Benton Center, Mich., says he was troubled with kidney and bladder trouble for two years; would have to get up several times during the night and had pains across his kidneys. He used several kinds of medicine without relief, but Foley Kidney Pills cured him. Many such letters come every day from all parts of the country. Adv.

California, to represent the Duplex hour. Heretofore when it was desired to run a six page it was constant labor. It required over a week of necessary to make a double press run. The ordinary press run for an eight page paper required four hours and about three for folding. The new press will run off the edition in an hour. It will print an eight-page paper as fast as a four-page one, all being printed at the same time. It is the only newspaper press in Eastern Oregon, except a similar Duplex press owned by the Pendleton East Oregonian, that will do this. A marvelous saving of time and a corresponding increase in efficiency is the result of installing the new machinery.
