QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

PROMPT ACTION OF REGISTRANT IS IMPORTANT

QUESTIONNAIRES MUST BE FILLED OUT AND RETURNED WITHOUT DELAY.

Registered Men Will Receive Free Legal Assistance; Lawyers to Volunteer.

PORTLAND, Nov. 23. (Special.)—Every man registered for the draft will be sent a Questionnaire in the next two or three weeks that he must fill out and return within seven days to his local exemption board.

These Questionnaires are long and the answers to some of the questions may require considerable study. But though Uncle Sam will insist that all the questions be answered he is going to safeguard the rights of every man by providing him with free legal assistance and advice in writing out his answers.

To this end the Government is about to mobilize all the lawyers of the country for patriotic service. The mobilization will be voluntary—but every lawyer will be expected to do his bit and volunteer.

State, county and district legal advisory boards are to be formed at once in Oregon, as in all other states to take charge of this work within each district. The chairman of each county board will be, whenever practicable, the county judge or a judge of the circuit court.

These legal advisory boards will be held responsible for seeing that a competent force of lawyers, or qualified laymen, is at all times available for consultation by all registrants desiring their services, during the period when the Questionnaires are to be answered.

Not only that but the legal advisory boards will delegate these duties to lawyers in the smaller towns and villages, so that wherever a registered man may be, he will have available a competent legal advisor to help him make out his Questionnaire.

So far as the lawyers are concerned it will all be a labor of patriotism on their part. Not a cent will they charge any registrant for their services.

"It should be the pride of every lawyer," says a statement by the War Department, "that no registrant within his district is without competent legal advice and assistance in preparing all papers that such registrant is required to submit in the process of the collection of citizens of this Nation for duty in the present emergency."

The prompt filling out and return of Questionnaires to local exemption boards by registrants is of the greatest importance. On the information obtained through the Questionnaires will be based the new system of classification on which selection of men for military service under the draft hereafter will be made.

Diplomats.

(Pittsburg Chronicle-Telegraph.)—Mrs. Anton wanted new shoes, so she went into a shop where an obliging assistant brought out a selection for her to try on.

"That's strange, madam," said he, after many vain attempts to fit her. "One of your feet is larger than the other."

Bristling with rage, the lady left that shop and sought another. There again the assistant failed to find a pair which would do.

"How curious, madam," he said, "one of your feet is smaller than the other."

And with a beaming smile, Mrs. Anton bought two pairs.

Getting at His Motive.

(Boston Transcript.)

"Will you have my seat?" he inquired, politely.

"On the ground that I am aged and decrepit?" the woman asked.

"No, indeed, madam."

"That I am young and beautiful and possibly not averse to a flirtation?"

"Certainly not. That is—"

"Then it must be because you are a gentleman, in this respect differing from the fat person on the left and the scrawny specimen at the right. I am glad to learn your principles, sir, but here is my street. Good day."

Conrad Olson of Portland may run for Justice McCann's place on the Supreme Court.

Grace Pickens, a freshman from La Grande, has the distinction of being the first woman ever to take forestry at the university.

"I really do not see why it should seem unusual for a girl to study forestry," Miss Pickens said. "After all, the forest belongs as much to us as it does to the men and we ought to be chiefly because of the common natural history it offers." She expects to complete the five year's course here, but admits that her plans after that are vague.
