THE HAND OF THE PROVIDENCE JOURNAL

A. Conan Doyle could get some splendid material for a lot of Sherlock Holmes stories in the record of the work of the Providence Journal and its reporters in unearthing German plots in the early days of the war. In fact, it begins to look as though the secret service of the United States was a poor follower of the lead of the Journal in detecting the operations of Boy-Ed and the Hamburg-American steamship officers. By placing its reporters, and they were clever men and women, in the offices of Germany's representatives, the Providence Journal secured the first important evidence against the kaiser's methods. In some instances the government officials would not at first credit the disclosures made by the Journal and its reporters, but were finally compelled to admit that the newspaper reporters had beat the secret service to it.

What Kind of Merchandise do You Want?

Quality merchandise or cheap merchandise? Cheap doesn't necessarily mean cheap in price; cheap in material and workmanship. Consider these points when buying. Now is the time you should look out when you're buying. The markets are flooded with cheap merchandise. Many manufacturers are trying to keep prices down by using cheaper materials.

There is no economy in buying these. Your clothes may look all right when you buy them, new clothes usually do. But "looking all right" after six months' wear requires the best of quality.

AS WE SEE IT—
This is not a time for making money, but for making friends, extending business, coming through this trying period, stronger, more efficient, more popular and more deserving of your trade and confidence.

In giving you the utmost in value, we are building for the future.

DR. McMILLAN RETURNS FROM SALEM TODAY.

Dr. W. D. McMillan returned from Salem this morning, where he has been for the past week assisting in the semi-annual meeting of the State Board of Dental Examiners.

Following his meeting in Salem Dr. McMillan visited briefly with relatives in Portland, and attended a meeting of the Independent Chautauqua directors at which meeting plans for next year's Chautauqua were outlined. All of the associations represented at the meeting reported exceptionally prosperous seasons excepting La Grande, which lost what little it had made during the season on the engagement of Vice-President Marshall.

Gladstone Chautauqua was especially prosperous during the past season, having not only opened a new auditorium and fully paid for the same, but also closing with several dollars surplus.
