Enlistments Close December 15.

PORTLAND, Nov. 29. (Special).—If you want to be a volunteer, now is the time to enlist. After December 15, when the new draft regulations become effective, men of the draft age will not be permitted to enlist voluntarily in the army, navy or marine corps.

Under the new classification system through which the draft will be conducted after Questionnaires to be sent every registered man in the next few weeks have been answered and returned to local boards, these men will be held for service under the draft.

Heretofore any man of draft age who had not been called up before his local board for physical examination could enlist voluntarily if he so desired. This will continue to be the case until December 15, but on that date the new rule goes into effect.

There are only two exceptions to this new rule. Here is the exact language of the regulations in regard to the first exception:

"Upon presentation to a recruiting officer of a certificate by his local board to the effect that his class and order number are so low that he is not within the current quota of his local board, any registrant may enlist voluntarily in the Navy or Marine Corps."

But no provision is made for voluntary enlistment of men of draft age in the Army.

The other exception has to do with medical students, hospital internes, dentists, dental students, veterinarians or veterinary students, who will be permitted under regulations to be drawn up by the Surgeon General of the Army, to enlist in the Enlisted Reserve Corps of the Medical Department.

The new rule does not affect voluntary enlistments of men not of draft age.

Central Appreciates Your Kindness

There are three operators concerned in every telephone call—you, the party you are talking to and "central."

All three parties must co-operate if the best service is to be had.

The telephone operators are human, just as you are.

Being human, they appreciate kindness and courtesy, but resent unkindness and discourtesy just as any of us do.

Kindness begets kindness, courtesy creates courtesy and patience encourages patience.

If you wish to get the best out of your telephone, make it a point to be kind and courteous to the operators.
