

If You Want To Reduce

Should you find that your abdomen is becoming large, that the flesh over your shoulders and under your arms is becoming a bit prominent, or your lower back is becoming large—don't try dieting, "cranky innovations" in under dress, or other "fads."

There is one way of reducing—the modern way, the healthy commonsense way, the method which many hundreds of women with heavy figures are using with perfect results.

GILMORE DOBIE CALLED THE CONNIE MACK OF FOOTBALL.

By H. C. HAMILTON.
(United Press Staff Correspondent)

NEW YORK, Nov. 30.—Gilmore Dobie, the man who lived in the northwest long enough to establish a record of not losing a football game in nine years of directing teams is now the Connie Mack of the football game in these parts. Although he came out of the west—and the far northwest at that—sports followers in the section east of the Alleghenies have come to the conclusion that he's the real goods.

When Dobie took the Naval academy team and sent it into a scoring record of 307 points in four games, people forgot the fact that his team had lost a game earlier in the season. They simply remembered he had showed the east some western football speed and were willing to admit his class.

Dobie resembles Connie Mack both in method and the results obtained. Dressed in funeral black, tall and solemn, he stalks up and down the football field while his team is in action. He doesn't talk much, but he does a lot of thinking.

Speaking of his methods recently with eastern critics he said:

"There are four cardinal points to making a football team, and those are the points my teams must learn before I will consent to their calling themselves football players. Those points are interference, running with the ball, blocking and tackling. Until my men have learned that point they are given no lessons in offensive play. I believe that with those things drilled into them they can get more cooperation into their work. They play more as a team and not as individuals. The rudiments must be mastered before the other points of the game can be even considered."

Mrs. P. O. Stuchell Tells How She Cured Her Son of a Cold.

"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take. Adv.

WAR HITS COAST BASEBALL.

Smaller Salaries and Shorter Schedules Planned for Next Season.

SAN FRANCISCO, Calif., Nov. 29.—Smaller salaries and shorter schedules are two of the prospects for coast league baseball next season.

The war, of course, is to blame. Magnates point out that there is a ten per cent war tax to be collected on every admission next year, that there will be a war tax on pullman tickets when the teams are traveling and on railroad tickets and the price of everything is going up. The answer, they say, has to be lower salaries.

The shorter schedule hits coast league players once more in the pocketbook. In the coast league salaries are monthly and not so much for the season or the year. And so, the fewer the months they play, the fewer the dollars for their bank-rolls.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyance which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

REGISTRANTS MUST WATCH FOR NAME

Failure to Receive Questionnaires Not Considered Excuse.

PORTLAND, Nov. 30.—Failure by any man registered for the draft to receive one of the Questionnaires soon to be mailed to every registered man for him to answer, will not excuse him from responding within the time limit of seven days.

Specific notice to this effect is contained in the new draft regulations, just received by local draft exemption boards.

Consequently every registered man, whether he has been previously exempted or not, should keep in close touch with his local board so as to learn when his name is posted by the board as having been sent a Questionnaire.

The registrant will be assisted in making out the Questionnaire and in safeguarding all his legal rights, by any lawyer, free of charge. The entire legal profession of the county has been called on by the Government to perform this work free of charge as a patriotic service.

Men previously exempted are just as much subject to the requirements of the Questionnaires as men who have not been exempted, because on and after December 15, all previous exemptions will be revoked.

The cases of registrants previously exempted will be considered all over again on the basis of the information contained in their Questionnaires. Consequently, it is of extreme importance that no registrant fail to answer his Questionnaire in the seven day time limit, for failure to do so automatically waives his rights to be placed in any other than Class I, which will be called to the colors first.

The Questionnaires have not yet been sent out to registered men. They will be issued very shortly, however. Watch the newspapers for further announcement as to dates.

NOVEL ASSORTMENT OF CHARACTERS IN PICKFORD FILM.

A drunken bank robber in the garret, two frightened girls on the second floor, and a young man being initiated into a college fraternity on the first floor in a haunted house. This is the condition at the opening of "The Ghost House," a Paramount picture with Jack Pickford and Louise Huff in the stellar roles which will be shown today and tomorrow at the Arcade Theatre. The genre is most amusing. None of the persons in the house is aware of the presence of the others until a series of complications straighten matters out and "all's well that ends well."
