## DOINGS OF THE DUFFS

## A Wise Choice

When in doubt what to give for Christmas why not act upon this suggestion:

A Bank Account is suitable as a Christmas present for man, woman, child and is always acceptable.

It is, moreover, a gift that constantly increases in value from year to year. Its expense to you can be made as little as \$1.00—or as much more as you wish.

We will be glad to have you call.

## DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

Notice to Water Users.  
Water users will be charged for all water going through meters. If meters are not read each month they will be read in the early spring and if more than the minimum has been used during the time since last reading the excess will be charged for and collected. Those using water must therefore expect to pay for all water passing through the meter during the winter where meters are not read each month. The minimum charge will be collected each month but not as in full, but only subject to later meter reading.  
L. M. HOYT,  
Water Superintendent.

## SOLDIERS HAVE SOME FEED

### Fifteen Hundred Sammys Treated to Thanksgiving Dinner

FORT STEVENS, Ore., Dec. 1.—Fifteen hundred soldiers, stationed at the three forts at the mouth of the Columbia river, are still recovering from too much Thanksgiving dinner. Here's typical menu for one of the fourteen military units:  
Crab cocktail, celery, olives, roast turkey, cranberries, brown gravy, creamed corn, peas, pumpkin pie, small cakes, Hood River cider, coffee, apples, oranges, cigars and cigarettes.  
A band concert and a football game occupied the soldiers' attention during the afternoon.

## Some Tips on Butchering Hogs.

There is an article in the November issue of Farm and Fireside in which the author says:  
"When we butcher hogs we prefer a clear, cool day, with the wind from the north. All necessary preparations are made beforehand as much as possible. If a number of hogs are to be dressed, they are not all killed at the same time, as standing seems to impair the flavor, but to make good time we aim to have one ready for scalding as soon as the one before it is finished. A small amount of lime added to the scalding water will not injure the meat in any way, and it makes the hair slip much more easily and the skin is whiter."  
"The carcasses are pulled from the scalding barrel, and put on a long platform which is a little lower at the end farthest from the barrel.

## GAME FISH SEASON CLOSES

### No More Fishing in Washington Until April 1, 1918

SEATTLE, Dec. 1.—Washington trout anglers will not be able to do any fishing today, for the game fish season closed last night. It will not open again until April 1, 1918. It is still legal, however, to fish in certain counties for bass, perch, crappie, sunfish, bream and pike until May 1.

This lowering of one end gives the water a chance to drain off, and the hair and scurf is more easily cleaned from the platform. The best procedure in removing the hair is to begin on the head and feet."

Roseburg—Many improvements at Roseburg garage are started.
