STAR, TODAY AND TOMORROW

A FREE TIP FOR THE ARMY: WHY NOT TRY WOMEN CAMOUFLEURS?

Why don't some of the armies hire women as camoufleurs, anyhow? They've been doing it all their lives. Think of the rouge, the switches and the powder puff. Then ponder over the pads and braces. Why, as we gather it, half the art of being an up-to-date young woman is camouflage.
Of course there are men, too, like John D. who wear wigs; and other brothers who disguise themselves (absent method) as sick patients to help the fourth man in the game to get out for the evening. Old stuff, this camouflaging.

LOANED WATCHES RAN AWAY

Timepieces Borrowed From Jeweler Inherited Odd Habit of One Left to Be Repaired.

There are several kinds of watches—there are gold watches, silver watches, dollar watches and watches the jeweler has to lend his patients while their own are being repaired.

For the last ten days we have been carrying a borrowed watch, relates a writer in the Detroit Free Press. Our timepiece was not exactly out of order, it would run, but it had no control. It ran wild on the bases. It stole the second and third hour frequently. We would set it at eight o'clock and look at it 20 minutes later and discover that it was 15 minutes past three. We are erratic, but we weren't erratic enough to keep up with that watch. So we took it into the dry dock, where the man squints at it through a sawed-off telescope and tells you that it will cost \$2 to fix it.

After he had told us it would cost us \$2 we asked him to lend us a watch until we called for our own. This he did. He wound up a ticker and set it. It was 12 noon when we took it from his hands. Two hours later a friend asked us the time, and we showed him our watch. It was a quarter to seven. "Gosh," he said, "I didn't think it was that late. I overlooked dinner time in some way."

So we went back and borrowed another watch from the jeweler. "This one is O. K.," he said with a smile. We carried it for an hour. In that time it had jumped 16 hours. We don't know now when we look at it whether it is Berlin time or tomorrow's time. We can set it at two o'clock, and when the city hall is ringing three our borrowed watch swears it is 15 minutes after four o'clock tomorrow. At first we looked on the watches suspiciously, but now we have begun to suspect ourselves. When three watches begin to lie to your face something is wrong.

PAY JEWELER HIS OWN MONEY

Parisian Swindlers Inveigle Merchant Into Signing Name to Order for Three Hundred Pounds.

A very clever swindle was successfully carried out in the Rue de la Paix, Paris. A carriage drove up to a large jeweler's shop, and an elderly man, with his arm in a sling, accompanied by a footman, who carried a rug, entered the shop.

The gentleman selected and bought some three hundred pounds' worth of jewelry, and then said, "If you do not mind, I will send my man home for the money." The jeweler bowed, and the gentleman continued: "I should be pleased if you would write for me. I have hurt my arm. Just write, please give Robert three hundred pounds, and sign it 'Henri.'"

The jeweler wrote as he was directed, and in a quarter of an hour the footman came back with the money, and then he, with his master, left with the jewelry.

When the jeweler went home to dinner his wife asked him the reason he had sent for three hundred pounds. Then the swindle was discovered. The rogues knew that the jeweler's name was Henri, and they had got him to write the note for the money, which was taken to his wife, and then they paid him for the jewels with his own money.

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on!" Corns need to be peeled the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters

"Gets-It" Puts Your Feet in Clover—It Lids Corns Quickly, and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry" because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing so sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

MAZOLA

—the pure oil from corn for better cooking

WHEN housewives first adopted Mazola they found the deep frying, sautéing and shortening medium which they have been seeking for years. Mazola browns food quickly, preventing any penetration of oil—and gives crisp, delicious dishes free from sogginess, easy to digest. The results are so much better than with lard or compounds that Mazola is used in thousands of American homes. And now when Food Administrator Hoover asks us to save butter, lard and suet, the housewife knows that she has a really good vegetable oil. With Mazola she can help save the country's resources and at the same time give her family the best of food at a notable saving in cost. Unlike other mediums Mazola does not transmit taste or odor from one food to another—can be used over and over again—a great factor in economy. And when you want an especially delicious salad dressing, use Mazola. There is no need to give up salads because of the uncertain supply or high prices of olive oil. Mazola can be had from your grocer in pint, quart, half-gallon and gallon tins. Ask him for the free Mazola Book of Recipes, or write us direct. Your money refunded if Mazola does not give entire satisfaction. CORN PRODUCTS REFINING COMPANY 17 Battery Place, New York. Selling Representatives Johnson, Lieber Company Portland, Oregon
