Some Good Things For the Christmas Stocking

Too often the days immediately before Christmas are spent in worrying over the buying of gifts which the giver can but ill afford and which are going to people whom she cares little about. These are what we

call "dutty" presents and of all gifts they give the least pleasure to the giver. So try to put yourself in your gifts this year. Begin early and knit the cherub a play suit. Nothing is so soft, so warm and so comfortable for robust children outdoors in early winter weather. For big brother get ribbon two and one-half inches wide, eight inches long, fringe both ends, then embroider initial in center or have gold letters put on. The bun can be glued inside of his hat to identify it. Father will need a new desk calendar and file for his office. So cover a

form with leather, cretonne or any durable material and hang it by silk cords. Crimson is a suitable color scheme. Apply an easily read calendar near the top center and with celluloid tabs index the lower part so daddy may fill his advance engagements in proper style. For daddy and brother a child can scarcely pry the handles of garden and carpenter's tools. This adds an attractive touch to cold steel. For the children an "evergreen pie" served at the Christmas breakfast table always causes great excitement. To make it fashion an immense pie dish of cardboard, paint it leaf green and cover thickly with sprays of evergreen. Put in the presents—all prettily wrapped and labeled—and then put on the lid. The latter is shipped in cardboard and covered with blue evergreens. The wee baby makes a new appeal to our gift instincts. Cover a downy square pillow with palest pink silk and

UNION IS HAVING ITS RED CROSS DRIVE

CAMPAIGN IS DIRECTED BY L. A. WRIGHT, VICE-CHAIRMAN

Up to Tuesday Night Union Had 200 Members—Public Schools Close Today—Spring Flowers Bloom in December.

UNION, Or., Dec. 21.—The Red Cross drive started in Union yesterday in full vigor. The local campaign is directed by L. A. Wright, vice-chairman, who was recently appointed to fill the vacancy of chairman caused by the death of W. T. Wright. The local committees were addressed Monday by E. E. Kiddle, county campaign manager. Up to Tuesday evening Union claims 200 new members.

Ex-Senator E. E. Kiddle, county campaign manager, addressed the pupils of the high school Monday afternoon concerning the Red Cross drive.

The public schools will close for the holidays today and will re-open Wednesday, January 2.

Beginning the first of the year Union high school will conduct a night school of business courses for the benefit of adults who are employed during the day.

Citizens of this vicinity report strange omens of the coming season. Spring flowers are blossoming on the hills, the willow buds are swelling and some claim to have seen swallows building their nests. Lawns are greener than they were a month ago which indicate very unusual Christmas weather.

RED CROSS DRIVE IS NOW ON AT JOSEPH

Boys Who Attended Older Boys Conference Speak at M. E. Church—Epworth League Cabinet Meets—Schools Close for Christmas.

JOSEPH, Or., Dec. 17.—(Special.)

The big Red Cross drive for membership is on in Joseph. A booth in the McCully Mercantile store is headquarters for the ladies who are in charge. Many people who are already members are joining again just to help out.

Last night some of the boys who attended the Older Boys' Conference

at La Grande spoke at the M. E. church.

Mrs. J. Rennie spent the week-end with her daughter, Mrs. Howard Wagner, of Enterprise.

At a meeting of the new cabinet of the Epworth League held at the M. E. parsonage the following committees were appointed for the year 1918: Devotional committee, Miss Emma Shannafelt, chairman, Raymond Cook, Mable Marr, and George Shannafelt; missionary committee, Luella Pollock, chairman, Grace Cook, Mrs. A. E. Pollock, and Grace Carpenter; social committee, Mrs. Cook, chairman, Forrest Wilson, Grace Walker and Grace Caviness; mercy and help committee, Morone Boggan, chairman, Esther Cole, Victor Walker and Helen Boggan. It was also decided to have a Christmas morning watch service on the Sunday before Christmas.

Victor Walker, Earnest Cole and Harold Kinney, three of the boys who tried to enlist in the navy from Joseph were returned because of their inability to pass the examinations. The boys say they intend to try again in the near future.

School will be dismissed from Friday, December 21, to January 1, on account of the holidays. On the last Friday before the vacation the two literary societies of the Joseph high school will hold a joint Christmas program in which a play will be given along with several other numbers and little "fun" gifts will be exchanged. The children in the grades will also celebrate.

The Oregon state veterinary surgeon arrived at the Hugh Wilson ranch to determine the cause of the death of several of Mr. Wilson's finest horses, five of which have already died. It was determined that the horses died from eating poisoned alfalfa.

Henry Bill Recovers—Henry Brill, who sustained a broken ankle about three weeks ago and who has been confined to the hospital, has sufficiently recovered to return to his home.

Mrs. Sylvia Foster III—Mrs. Sylvia Foster of Pendleton, who has been visiting with her husband's brother and wife in Union, suddenly became ill and was brought to the hospital in La Grande yesterday for an operation. She is doing as well as can be expected at this time.

Chamberlain's Tablets.

Chamberlain's Tablets are intended especially for stomach troubles, biliousness and constipation, and have met with much success in the treatment of those diseases. People who have suffered for years with stomach trouble and have been unable to obtain any permanent relief, have been completely cured by the use of these tablets. Chamberlain's Tablets are also of great value for biliousness. Chronic constipation may be permanently cured by taking Chamberlain's Tablets and observing the plain printed directions with each bottle.—adv.

TO RESIST THE ATTACK

of the germs of many diseases such as Grip, Malaria, means for all of us a fight or die. These germs are everywhere in the air we breathe. The odds are in favor of the germ. If the liver is inactive and the blood impure.

What is needed most is an increase in the germ-fighting strength. To do this successfully you need to put on healthy flesh, rouse the liver to vigorous action, so it will throw off these germs, and purify the blood so that there will be no "weak spots," or soil for germ-growth.

We claim for Dr. Pierce's Golden Medical Discovery that it does all this in a way peculiar to itself.

It cures troubles caused by torpid liver or impure blood. All druggists. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cents for trial package.

ASTORIA, OREGON.—"After having had the grip I could not regain my strength; my blood was poor, I was nervous and also had rheumatism. I tried everything but just could not get any relief. Finally I decided to take Dr. Pierce's Golden Medical Discovery and it cured me. I think it is simply great. I use the Pleasant Pellets for constipation."—G. R. SPICER, 37a Exchange Street.

SALEM, OREGON.—"As a spring tonic, to build up a weakened, run-down system, and to give out all spiritless, I found Dr. Pierce's Golden Medical Discovery good. A friend had recommended it and I found it all that she claimed for it."—MRS. JAKE GIBBER, 1229 S. Bellview Street.

Why?

Because, as nearly as mind and hands can do it, we make each OWL just like every other OWL in blend and burning qualities.

"If you like one OWL, you'll like them all." We can say that with certainty because the flavor and even-burning of the OWL are insured by a million dollars' worth of selected, carefully mellowed leaf.
