DOUBLE-BARRELED JOY SHOW AT THE ARCADE

As a special attraction, commencing today, the Arcade theatre announces Douglas Fairbanks in his new Arterfat picture, "Down to Earth," written by himself and adapted to the screen by clever little Anita Loos.

The story of the photoplay tells of a typical American youth whose "wanderlust" and ideas of living close to nature are not in accord with the views of life assumed by his sweetheart an ambitious society bird. Bridge parties, matinee dances, tea parties and sumptuous dinners are the important factors in the pretty girl's social career and these occupy too much of her time for wanderings amidst God's country in the great outdoors. How the persistent youth takes her away from her surroundings and wins her over to his way of thinking despite her objections, one of the most amusing tonics the screen has yet displayed. Many climes are visited and many surprises are presented in typical Fairbanks style, ranging in variety from doing a handstand on a mountain precipice 8,000 feet above sea level to teaching a hippopotamus the famous Fairbanks smile.

On the same program will also appear the popular comedians Looney and Luke in another of his two-reel comedy successes. This double-barreled joy show will be at the Arcade for today and tomorrow only.

"MOTHER O' MINE," COMING

"MOTHER O' MINE," to be presented at the Arcade theatre on Monday and Tuesday affords an illustration of mother love as the basis of an engaging plot. Ruby La Fayette plays the role of an old lady who is so devoted to her son that even his heartless neglect cannot shake her constancy. The boy awakens from his lethargy of selfishness in time to give his mother a full measure of happiness in her declining years and wins, at the same time, the love of the girl who has been a witness to his unfulfilling conduct. There is the happiest of endings—to fulfill the mission of Bluebirds. Rupert Julian, who made the production, will share stellar honors with dainty Ruth Clifford.

"OUTCAST"

Hubert Henry Partis Play Given Excellent Six-Part Picturization for Mutual Program with Ann Ruel in Leading Feminine Role.

(Reviewed by Margaret I. MacDonald in Moving Picture World.) The famous Charles Frohman stage success, "Outcast," has been filmed for the Mutual program by the Empire All-Star Corporation with Ann Ruel in the leading feminine role. The production is one of good calibre, and has been

FAMOUS MAN WILL LECTURE HERE TONIGHT

Russell H. Conwell Will Speak on "Acres of Diamonds"—Addresses Students

Russell H. Conwell, the famous lecturer arrived in La Grande today to speak tonight before the High School. Y. M. C. A. course on "Acres of Diamonds."

Mr. Conwell is probably the most famous lecturer in the United States, and the lecture "Acres of Diamonds" is his most brilliant. He has given it many thousand times before large audiences, and everywhere it is recognized as well worth hearing.

Mr. Conwell very graciously consented this morning to address the high-school students on the need of modern patriotism, and he thrilled his audience as no other man could. His description of the speech he heard Abraham Lincoln give was most interesting and inspiring.

U. S. National Bank Elects Officers

The United States National bank at its annual meeting elected J. L. Woodell, a prominent farmer of Imbler, to its board of directors, which is now made up as follows: George T. Cochran, Wm. Miller, T. J. Scroggin, U. G. Couch, J. L. Caviness, J. J. Conley, A. L. Richardson, Judge J. C. Henry, J. L. Woodell.

A romantic and sensational play in motion pictures, "Outcast," at the Star theatre. 1-11-18.

Stomach Troubles.

If you have trouble with your stomach you should try Chamberlain's Colic, Cholera and Diarrhoea Remedy. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.—Adv.

artistically directed by Dell Henderson.

The two principal figures in "Outcast" are a man and a woman whose experiences in love have been similar. When the paths of these two people cross the woman has become a drunkard. The soul of the woman being the first to awaken, she lifts the man, and together they renounce the evils to which each has fallen. The jarring note in the morale of the play is the inference which the picture gives of love without marriage. When a man decides to discard the woman and return to an old love, his discovery of the shallowness of the love of the last named not yet divorced from her husband, causes him to turn again to the "outcast" whose forgiveness he easily wins.

The action of this picture is unusually realistic, which together with its play on human emotions will tend to make it popular.

This picture will be shown at the Star theatre only. On the same bill will appear Chas. Varley, a character-change comedian who will do his best to entertain.

Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."—Adv.

"Colored teachers in Maryland are giving all of the time that they have usually taken for much needed rest to do volunteer work and the state chairman including publicity, reports that too much praise cannot be given to their devotion and patriotism."

"In New Orleans a negro woman lectures to other women cooks of the community on the value of wheat substitutes, and they have classes in food conservation in the municipal kitchen."

"Florida finds the cooperation of the colored people particularly valuable in the case of food conservation. In that state they are highly organized under a separate chairman of their own, who has her own organizer, and they have units all over the state. Given responsibility and a chance to cooperate they are immensely loyal and valuable to the work."

"Maryland has a colored field secretary, who has been visiting the

ored girls working at Camp Meade, and reports good conditions. She has established binding relations with all the workers and is keeping a record of them up to date.

"In Amelia, Maryland, the Amelia Current Opinion Club, composed of prominent colored women of that city, has taken up the study of food. In many counties the women are raising money to get wool for sweaters, and also to make comfort kits for men drafted from their counties."

"A chairman has been appointed in Georgia, who is organizing the colored women of that state."

"It was a great step in Louisiana when the colored women were asked to form one unit of the food conservation parade, in recognition of their able and faithful work in handling registration booths for their race."

Double Poultry Production.

CORVALLIS, Jan. 11.—(Special.)—If the farmers would all double their poultry production, every family in the United States could be eating poultry two or three times a week and eggs every day, says Prof. Dryden of O. A. C. and enough red meat would be saved to make up the meat shortage to every one of the ten million allied soldiers fighting for the country. Not all farmers could make a profit, but many could, and patriotism may be sufficient reward, anyhow.

NEGRO WOMEN DOING SHARE OF WAR WORK

By GEORGE MARTIN (United Press Staff Correspondent)

WASHINGTON, Jan. 11.—No one has paid much attention to what the negro "mammas" and educated black women of America are doing to help win the war, but they're doing their share just the same.

Paralleling the work and organization of white women in the Southern branches of the Women's Committee of the Council of National Defense, the colored women are keeping even, and in some instances a jump or two ahead of the procession.

"The colored women," said a

In the gray stone legation on New Hampshire avenue, an imposing edifice as delegations go, Minister Michaelovitch and his assistants, Georgievitch and Yovanovitch, carefully safeguard their little kingdom's interests in America.

It is their job to see that public opinion in America is so cultivated and directed that when peace ultimately comes, this country will throw her influence on the Serbian side in the division of the Balkans.

MUST FOLLOW ORDERLY COURSE

WASHINGTON, Jan. 11.—The city council of Altoona, Pa., by resolution, directed the mayor to confiscate coal in transit for local distribution in Tyrone. When advised of the order, Fuel Administrator Garfield sent a telegram to the mayor of Altoona, notifying him that such action would subject him to prosecution. The mayor was referred to the state fuel administrator, who has full power, and whom, it transpired, had already taken steps to relieve the distress at Tyrone.

Mothers of Oregon Prepare for Trouble!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands along the Pacific Coast would testify just as do the following:

Mrs. W. T. Pockus, Caro McCready Camp. "I am certainly glad to recommend Dr. Pierce's Favorite Prescription. I think it is a God-send to womanhood. During expectancy I was sick, so sick with that terrible morning sickness. I was so bad that I just could not eat one thing. I commenced taking this 'Favorite Prescription' and I was relieved at once—no more nausea, no headaches, no backaches, and I got through so well."—Mrs. W. T. Pockus, Caro McCready Camp.

SARIELA, Oshkosh.—"I have favored everything during expectancy but this. Some time I took Dr. Pierce's Favorite Prescription and I never suffered a meal and had comparatively no suffering. I would surely recommend the 'Prescription' to all prospective mothers and also, for young girls coming into womanhood. A friend is taking this medicine now as I advised her to and she is improving fast. One would not know she was the same woman."—Mrs. H. E. Gussos.
