BIG ANIMAL ACT ON VAUDEVILLE BILL TOMORROW

The Hippodrome Vaudeville road show that will be at the Arcade tomorrow opens with Daisy Cameron, a character comedienne of rare merit. She is a clever delineator of character impersonations and she also has good comedy talk that makes her performance a pleasurable pastime.

Wilbur, Harrington & Co., offer one of the most delightful contributions that vaudeville offers. Their act consists of singing, talking, dancing and Jack Wilbur displays some championship jumping. This act has always registered a hit.

Mack and McCree present a number under the title of "The Boy and Girl Who Keep the World a Smiling." The male member of this duo is a clever comedian and singer of comedy songs. The female member is a valuable asset in this offering as they introduce a cross fire conversation of special material that is unusually bright and witty.

The big feature act of this week's bill is Hohendale's animals. In presenting this European Novelty Circus in which appears trained dogs, monkeys, cats, rats, guinea pigs and Teddy Bears, they are considered by all who have seen this act, to be the most remarkable animal act on the stage today. This act will prove a great treat to the children and as many as possible should attend the matinee. One of the features of this act is the automatic working trick house performed by several educated canine wonders and what promises to be a rare treat is to see the cats and rats mingling with each other and doing many different and amusing tricks.

The matinee will begin at 2:15 with a special price for children of 10 cents. The evening performance

"GOD'S LAW" AT THE STAR TODAY AND TOMORROW

A Vital Human Drama That Exposes the Third Degree and Presents the Greatest Argument Against Capital Punishment Ever Advanced.

At this moment the burning legal question in New York State is as to the advisability of capital punishment. It is occupying the mind of humanitarians and has inspired the powerful photodrama of "God's Law," which Lois Weber has produced for the Argosy Film Company. This intensely dramatic appeal to people of all classes is to be presented at the Star Theatre today and tomorrow. The story deals with the question as to whether circumstantial evidence should send a doomed man to the electric chair. If you have any scruples about serving on a jury in murder cases you should not miss this opportunity to ease your mind in this regard. The picture tells the story of the mysterious murder of a well-to-do farmer and his sister. The hired man is suspected simply because there is no definite evidence pointing to the real criminal. He is subjected to "third degree" methods and confesses without realizing his great danger. Brought to trial he is found to be a pitiful mental defective with the mind of a child of seven. Without money or "pull" of any sort his condition arouses a state-wide sympathy. He is convicted principally on his pitiful confession and is sentenced to death. During his stay in the death house a keeper becomes convinced of his innocence. With the help of a woman lawyer who is doing good work in the prison, the story of the mystery murder is gradually worked out. The facts show that the condemned man is really a victim of circumstantial evidence. A few minutes before the fatal signal for his death, while his wife is waiting outside the prison walls for his body, new evidence is discovered and a humane judge grants a stay of execution. See this thrilling photo drama and become convinced of the injustice of "third degree" methods. And for the sake of humanity you should not fail to see this picture in order to learn why it is that philanthropic people and others equally interested are fighting against capital punishment.

BUSINESS HOUSES AND INDIVIDUALS ASKED TO HELP ARMENIAN DRIVE

Those in charge of the Armenian drive in this county have deemed it best to postpone the one-day drive by firms in this city until Thursday, January 24. Consequently the campaign will not be under-taken in this city until that date.

A list of firms which are being asked to take hold of the new plan adopted here, has been prepared. Each firm management is to solicit its own employees, and if every member gives at least \$4.00 the firm becomes 100 per cent perfect in this great humanitarian drive which President Wilson, among other prominent men, deems one of the greatest problems before the Christian world.

If in the event any firm management would rather trade with its neighbor firm, that is permissible, and John Brown would thus solicit from Bill Smith's employees, and visa versa.

The firm appointed to take hold of the list solicitation plan in this city follows:

BIG DRIVE LAUNCHED THROUGHOUT OREGON

PORTLAND, Ore., Jan. 14.—To raise funds for conducting recreation centers in all military encampments, Knights of Columbus throughout Oregon today launched a big drive for subscriptions. The Knights of Columbus and the Y. M. C. A. were the two organizations designated by the National Training Camp Commission to handle the recreation work among the men.

As in the Y. M. C. A. centers, the K. of C. centers will be open to all men, irrespective of religion, and they are proving highly effective. There are K. of C. centers at all American camps, and the fund now being raised is for erection of additional recreational buildings for the troops in France.

Oregon Leads Nation.

PORTLAND, Ore., Jan. 14.—Oregon leads every state in the union in the recent Red Cross Christmas membership drive, totals today show, on a basis of population. The National Red Cross calls the showing "amazing." During the campaign, Oregon enrolled 31 per cent of its population in the mercy organization. Washington enrolled 28 per cent. Far away Alaska led everything with a 33 per cent record.

Was Feeling All Run Down.

Symptoms of on-coming kidney trouble deserve prompt attention, for neglect invites serious illness. Louis Buckner, Somerset, Va., writes: "I was feeling all run down; tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatic pains, stiff joints, sore muscles, swollen ankles, puffiness under eyes, and sleep-disturbing bladder ailments quickly yield to this time-tried remedy. A boon to middle-aged men and women. Sold everywhere.—Adv.
