

WALLOWA NEWS NOTES

WALLOWA, Or., Jan. 27.—H. W. Harris returned last week from the Innaba where he was attending to business connected with the forest service. Mrs. Geo. E. Dale is quite seriously ill at her home on First street. One of the little Sonrie twins was bitten last Thursday by a dog. No serious results are anticipated. The Red Cross headquarters in a very busy place these days. The ladies of Wallowa are certainly doing their bit. Several cases of measles were reported last week. None of them, however, are of a serious nature. Word has been received from Harold Longwell, a former Wallowa boy. He is with the 135th aero squadron in the mechanical engineering department, "somewhere in France."

MARINES TRAINING NEAR SAN JUAN HILL

(Copyright by Western Newspaper Union.)

A division of American marines are now undergoing intensive training on an ideal field in Cuba, near San Juan Hill, where Colonel Roosevelt made his famous charge. These troops are favored by fine weather and are making exceptional headway. Colonel Shaw is in command. The men in this picture are learning to operate the new guns.

FOOD CARD FOR DOGS

French Canines are Likely to Be "Hooverized."

Feeding Has Become Serious Problem—Great Shortage in Gasoline and Tobacco.

Paris.—The dog population of the republic has been living, fighting and suffering with the human population in resisting the German octopus, and is now about to be restricted by "censils" along with the humans. The latest system to be announced is that, following the demands of the Agricultural Society of Moulins, the government is considering the introduction of a bread card for dogs, a card that will entitle dogs doing useful work for the country to their proportionate share of dog biscuit. Since the first of the month another discommoding scheme has taken effect. No gasoline can be sold, even for domestic uses, such as lighting, heating or cooking. The government stated energetic measures had to be taken, in view of the fact that the stocks of gasoline were almost exhausted and it would be dangerous to permit them to become further depleted. A ruder shock for the entire male population of France, which smokes almost to a man after reaching the age of twelve, came with the publication of the news that there was no more tobacco to be had. Imported English tobaccos are still to be obtained in limited quantities, but the price is prohibitive to the average Frenchman. The reasons given for the tobacco shortage are the increased consumption by the soldiers in the trenches and the decreased production and importation, due to the lack of bottoms. A good deal has been said about the establishment of a tobacco card, but the government has suggested that a system of voluntary rationing be first tried out. If this is unsuccessful nothing will remain but the addition of one more card to the rapidly growing list.

thanks very much and that they may be sure that every single article was fully appreciated. That sock with little "Jim" and the nuts and candy in it sure made a hit with everybody also me. I am going to hang it up just like I "uster do" and have a make-believe "Santa" fill it up for me. With lots of love, EUGENE E. ALFORD, Base Hospital No. 15, A. E. F., via New York. P. S. Got a nice box of stationery from Hazel today in Harold's box.

December 23, 1917. My Dearest Folks: Well, I shall write you a few words this evening to let you know I am still alive and will hit this Christmas, as always before, with lots of pep and expectation. Well, my job at present is quite a strange one and a fellow gets to see some very funny sights even if it is humans which are laughed at. I am in the Mumps Ward. I take care of two of them. Honestly, I never saw such a funny sight in my life as about thirty-six big, swollen faces, some grinning, some very mournful, and other various expressions. So far I haven't received any more Christmas packages, only one that Bert Anderberg, my Seattle pal, and I got from our Alki Beach friends. We got cigarettes, candy and a great, big fruitcake. I got the "Tiger," the school paper, and Shrimp, Soden and I had a great time reading it last night. I guess maybe I will get off

Christmas afternoon. I sure hope so, for I think that "Cap," Ted and Davie will come up. Ralf P. went back today, Pat Rollins yesterday, and Colin Steward will go tomorrow. They are building a big Y. M. C. A. on these grounds. It will be finished about the last of January. It will sure be swell because they will probably have a canteen and sell American stuff. The one here now sells mostly French stuff and it is about two prices over American. Last night we had moving pictures, Charley Chaplin, Pathe News and another one. Believe me, they looked good to me. It was the first I've seen since September 6. They had them once while we've been here, but I was on night duty and couldn't go. Tubby and Couch are still on night duty, but will probably get off the last of the month. Harold is on day duty at a hospital. Shrimp is on K. P., and Lawrence S. has been promoted to corporal and is corporal of the guard and in charge of outside details. Well I've got to ring off and go to bed as I've got to get up at 1:30 in the morning as wounded are coming in and I'm on the detail to go to the depot with lots and lots of love. EUGENE E. ALFORD, Base Hospital No. 15, A. E. F., via New York

Grande made Wallowa a visit last week. The basket ball game between Enterprise and Wallowa last Saturday night resulted in a victory for Enterprise with a score of 11 to 23. This is the first time in five years that Enterprise has defeated Wallowa. The Wallowa boys put up a game fight, but were outclassed by heavier, taller and more experienced men. A return game will be played at Enterprise on February 8. Mr. and Mrs. Hector McDonald left last Monday for points in California. They will be gone the remainder of the winter. Mr. Johnson who has been employed in the Wallowa Meat Market for the past six months, left with his family for La Grande where he will reside in the future. J. C. Baird has sold out his confectionery and fruit store to R. J. Cox, of La Grande. Mr. Baird intends to open up a five and ten cent store in the near future.

A daughter was born to Mr. and Mrs. Wm. Cooper January 21. John P. Goshel and Miss Ora Brunson sprung a happy surprise on their many friends, when they were quietly married in Enterprise January 22. The contracting parties have a host of friends in this community who wish them much joy. They will reside in Pendleton. N. B. Pentreath, business manager of the La Grande Evening Observer, made Wallowa a pleasant call last week and while here visited the various departments of the high school. Frederick Winchart, a prosperous young farmer of Wallowa, and Miss Nina Miller, one of Wallowa county's efficient school teachers, were married in Enterprise January 23. This is the culmination of a pretty romance begun while Mrs. Winchart was teaching in Lower Valley. They are at home on their farm four miles northwest of town.

Enterprise Wins Debate. ENTERPRISE, Jan. 28.—(Special.)—The Enterprise high school won the first debate of the State Debating League in this part of the State Friday night with the Joseph high school. Two debates were held, one in Joseph and one here and Enterprise won a two to one decision at both places. The question was "Resolved that Capital and Labor Should Be Forced to Settle Their Disputes By Arbitration." The local team won the negative here and the affirmative at Joseph. The Enterprise team consisted of Robert Boyd and Eddie Olmstead for the affirmative and Orval Millard and Leola Ratcliffe for the negative. The debate between the Lostine high school and the Wallowa high school which was scheduled for Friday night was postponed until Tuesday night. Enterprise will debate the winner of these two schools for the county championship and the right to meet the champion of Union county.

The East Oregon Merc. Co. will start the regular January sale on January 29. I. L. Kirks formerly a Wallowa farmer but now of Newberg is back on a business trip. Mrs. Howard McLean who has been visiting with relatives and friends for the past two weeks left Tuesday for her home in Pendleton. W. A. Purdin is making a business trip to Yakima. Mrs. Pound and children of La

THIS CLOCK HAS A NURSEMAID.

New York has produced the latest thing in nursemaids—a handy man who gets \$40 a week for tending to the hands of one "dummy" clock. The clock plays what might be termed the principal role in a new play called "Yes or No." The woman holding the hands of the clock in this picture is Marjorie Wood, one of the principals. The action of the play depends on the clock to a great extent. Directly behind this clock, and, of course, behind the scenes, stands the "nursemaid," who operates hands on a dial corresponding to this one. His duty is to see that the hands in front register the exact time that the action of the piece calls for.

ON SHIPBOARD YOU GOT TO BE NEAT! CHEW W-B CUT AND YOU WON'T MUSS UP THE SHIP. AND THEN YOU DON'T MUSS UP YOUR FACE WITH A BIG WAD, EITHER. THAT'S THE IDEA—A SATISFYING AND CLEAN CHEW! Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute. Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

At present they are only about 20 miles from here and will only be about 10 miles when they arrive there. They are going to try to come here Christmas. I sure hope they do, for I won't get such a good chance to see them again. The Christmas box came today, and it was simply great. Tell all my friends who contributed,
