Portland Market Letter

February 11, 1918 Very firm conditions prevail generally throughout the market at the Portland Union Stock Yards today with especially active trading in the common to medium classes of the cattle department. The shipment was fair for the time of the year, the quality was good, but, generally speaking, showed a smaller percentage of top stuff than was offered one week ago. This perhaps was fortunate, as there does not seem to be the active demand for that type that had prevailed for the past two weeks. Killers complained that the movement of dressed beef on a straight beef basis will not warrant the high priced steer, consequently the butcher market has trouble to stay in the buying field at these prices. The best steers in the yard, however, which were not better than the best of a week ago, changed hands at 11c and we quote

as follows: Prime light 16.85-17.25; prime heavy, 16.60-16.90; pigs, 14.50-15.50; hulk, 16.80-17.00. The supply was not sufficient to meet the demands and the reserve lots of killers show a very light supply of hogs at this writing. Nothing now can be said in regard to the sheep market. The buyers are simply taking what is offered at the following prices: Western lambs, 15.00-15.50; Valley lambs, 14.50-15.00; yearlings 13.00-13.50; wethers, 12.50-13.00; ewes, 9.00-11.00. Both supply and demand are exhibiting a sort of morbid interest in marketing.

NORTHWEST NEWS

To Instruct Physicians. CAMP LEWIS, American Lake, Wash., Feb. 12.—(U. P.)—Orders authorizing the dispatch of medical officers from the camp to all parts of the Northwest for instructing local physicians in examination of drafted men are expected soon by Lieut.-Col. Peter C. Field, division

surgeon. The plan is to gather the examining physicians in a few cities and specifically instruct them in the work, clearing up all points on which the board physicians may be in doubt. In this way the War Department plans to bring about a more uniform system of examination, eliminating the expense caused by unfit men being passed by boards and rejected here. This is held to be an injustice to the man as well as an unnecessary expense to Uncle Sam.

Aberdeen to Take Census. ABERDEEN, Wash., Feb. 12.—(U. P.)—To prove that Aberdeen is first class in point of population as in all other matters, the municipality has detailed W. W. Hart as enumerator to take a special census. If this shows 20,000 inhabitants the city is entitled to state rating as a city of the first class, with wider powers as to bonding, etc.

INDIANS ORGANIZE RED CROSS INCHELIUM, Wash., Feb. 12.—A thriving Red Cross chapter has been organized among the Indians of this community, with 55 members enrolled at the first meeting and a full set of working officers. Indian farmers donated a pig and a calf as a starter for a fund and these were sold and resold until about \$100 was realized.

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 7c.
