Farm Machinery Is the Artillery of Agriculture.

In what condition will your field pieces be for the spring drive? One of the big factors before the farmer today and that is getting what you want at the time it is most needed. Don't put off ordering your machines or repairs. An order placed for what you need now will mean DOLLARS FOR YOU. Factories are not able to supply only about one-tenth of the demand made on them now, so what show do you figure you will stand getting a machine on an order placed late in the season? Prices are not coming down, even if the war SHOULD END. The demand will keep up prices for at least three or four years, so why wait on your staple lines of goods?

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.
