### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. ### LOCAL AND PERSONAL

Hugh McCall, cashier of the Cove State Bank, is in town on business. Mr. Sam H. Howard, secretary of the State Board of Barber Examiners, of Portland, spent some time in Joseph the first of the week on business. He was accompanied by his wife.

A. J. Richardson who has been a Joseph merchant for several years has sold his dry goods store to H. S. Gibson and his house and furniture to Frank Kernan. Mr. and Mrs. Richardson expect to go East. The epidemic of measles which started in Joseph some time ago is now well under control and only one or two are now out of school with them. There were in all about ten cases and not 71 as stated by the Enterprise papers.

Because of her very severe illness the daughter and father of Mrs. Verdo B. Gregory have been called to her bedside. Although at present things are quite serious it is hoped that a turn for the better may come soon.

Everett Cole was hurt quite badly when a horse kicked him while he was doing hauling for T. H. Morelock last week. Several teeth were knocked out and his back injured, but as "Mop" is of hardy frame he came through very nicely.

Because of a small attendance no collection was taken for the "candy ship" which will go to the Belgian children, last Sunday at the M. E. Sunday school, but all are asked to bring something for this fund next Sabbath.

### Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$34.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

### BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see
