FARRAR IN STORY OF SUPERSTITION

How many people are there in this partially enlightened world who still shudder at the appearance of a black cat in a storm? Educated as we are in the fallacies of the superstitious beliefs of our forefathers, we still preserve some of the relics of superstition which cast a spell of gloom over commonplace occurrences.

The sinister influences of an ancient superstition have a great part in the story of "The Devil Stone," the latest Artercraft release, produced by Cecil B. de Mille with Geraldine Farrar as the star, appearing at the Arcade today and tomorrow.

A Bilious Attack When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.—Adv.

SHERRY'S

THE KINGDOM OF LOVE

All and a great deal more that was promised in the new William Fox photoplay, "The Kingdom of Love," at the Sherry Theatre, was realized yesterday when the new creation was shown. It is one of the most absorbing and interesting dramas that has ever been presented here and the new star, Jewel Carmen, proved herself to be capable of the most brilliant acting and characterization.

This is a play which is not only entertaining, but which leaves a deep impression and a great deal to think about. It is a drama of human life in which a young woman withstands all the temptations that can beset her and keeps her heart and head clear in the midst of iniquity and sordidness of the Klondyke. However, that which can be accomplished through no personal temptation is brought about through the illness of the heroine's mother from whom she has long been separated. Her salvation comes through the willingness of a young minister to give up everything that was dear to him in order that he might protect her.

How this is worked out, the wonderfully thrilling scenes that take place during it, can only be appreciated by those who have seen this wonderful film.

About the personality of the new star, a great deal of interest is naturally centered and it is sufficient to say that both in the matter of beauty and ability she has proven all that was said of her. Miss Carmen is one of the most beautiful young actresses of the day and she gives an intelligent and brilliant performance in this play. Certainly, any one who cares for splendid moving pictures cannot afford to miss this charming play that has so much

BARN LOCKS BROKEN

Motive Remains a Mystery in the Neighborhood.

A report over the phone from the Grover Good home says that all the locks on the barn were broken last Saturday night. The matter was kept quiet for the time being in the hope that some evidence regarding this unusual action might be found. Mr. Good has fears that the motive was something other than theft and may have been the poisoning of the grain which he uses for feed. On this account none of the grain has been given to the stock and none will be until it has been scientifically examined and its purity made certain.

LOAN DRIVE WILL BEGIN ON APRIL 6

(Continued From Page One.)

ness and justice, every man and woman in the country must lend their available means to the government and I know of no more fitting time for such a patriotic response to the call of duty than the beginning of the second year of the war. The campaign in all probability will last three or four weeks and announcement of the opening date is made at this time in accordance with my promise to make public all matters connected with the loan as soon as determined and in order that ample time may be given every community to prepare for the event.

I earnestly hope that parades and patriotic meetings will be held in all parts of the country. The treasury department will endeavor to make the observance of the anniversary of the declaration of war as memorable as was the patriotic observance during the second liberty loan campaign of Liberty Day on the 24th of October, 1917.

of strength and human emotion and such thrilling circumstances contained in it. At Sherry's Theatre for the first time tonight.

SATURDAY CLASS ADDED

This is to Meet Demand Outside Evening Schedule.

The ladies' gymnasium class of the Y. M. C. A. have had a new session added to their regular schedule. Besides meeting on Monday and Thursday evenings the demand has been made that another class be held on Saturday afternoon at 2 o'clock. All volley ball enthusiasts among the ladies of La Grande who were unable to attend the evening classes are welcome to join the Saturday class. Much interest has been manifested of late in this class and with the addition of the Saturday class it is expected that a goodly number will renew or join the association. From many who have seen the ladies' volley ball teams of the La Grande Y. M. C. A. play testify to the fact that La Grande has one of the best volley ball teams on the coast. All the ladies are becoming proficient in this line and from a healthful standpoint during these strenuous times of Red Cross work, food conservation drives and other war work, the diversion of the gymnasium work is a tonic which cannot be valued in dollars and cents. On Mondays and Thursday evenings calisthenics drill is given by the leader in charge.

CHECKING THE SLACKERS

Color Card Scheme Worked Out By State Committee.

The color of the card on which a report is made with reference to your third liberty loan subscription will tell the story of your patriotic degree, according to a scheme worked out by the state committee and made known by James Zuercher of Portland who is serving as a volunteer unpaid field organizer in several counties of eastern Oregon.

If you are a total slacker or so near the total that your influence cannot be counted, your report will be upon a yellow card. If you do your duty by half a red card will be used and if your subscription is up to your rating a blue card will be used, thus attesting the true blue quality of your Americanism.

Mr. Zuercher is to help the organization work in Umatilla, Union, Wallowa, Baker, Harney, Malheur and Grant counties. He is in the tax department of the O.-W. R. & N.

For Hard-to-fit Women

Some women are hard to fit in corsets; some just think they are.

There are certain types of figures, however—full bust and small hips, small bust and large hips, short stout figures—that require special designing in corsets.

In MODART Front Laced Corsets there are special sizes and models for just such figures. We can give any woman, of whatever size or shape, the kind of style and fit she should have.

PIMPLY? WELL, DON'T BE!

People Notice It, Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two tablets a week. See how much better you feel and look! 10c and 25c per box. All druggists.

Once More

Once more I will state to the public that I am selling all tobacco for less money than any other house in the state. I don't think there is another person in Oregon selling Tuxedo Tobacco for 10 cents.

Remember that all tobacco is advancing in price daily, but I still have the old price on nearly all of my goods.

If you can beat my prices anywhere, I will give you your tobacco free.
