### BROKEN ROMANCE LONDON MYSTERY

LADY DE TRAFFORD

London's younger set has another broken engagement mystery to unravel. Lady Violet De Trafford and Lord Burghersh surprised everybody by deciding they would not marry each other after all their friends had arrived at the conclusion that it was an ideal match. But what perplexes London is that neither of the principals in the shattered romance will breathe a word as to why the wedding plans were halted.

## Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your graneries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them!

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

### BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see
