Head

Recommend  
**PE-RU-NA**

Those who object to liquid medi-  
cines can secure Peruna tablets.

Mrs. Rosa A. Kias, 318 Clinton  
Place, Kansas City, Missouri, writes:  
"I was very sick with Catarrh  
and Bronchitis. I also had a cold  
in the head. I used Peruna and am  
well pleased with the results. It  
has done me a great deal of good.  
I do not need any other medicine. I  
can cheerfully recommend it to any  
one who is troubled with catching  
cold frequently or any one who has  
a chronic cough or chronic catarrh.  
Those wishing further particulars  
concerning my case may write me.  
Be sure to enclose a stamp and I  
will answer."

the Advisory War board this morn-  
ing, and from across his desk rever-  
berated: "Yes, even that isn't  
enough, we want more thrift than  
even all that." These pertinent ob-  
servations came from A. T. Hill,  
chairman of the third Liberty Loan  
campaign in this county. A few  
moments later, when the Observer  
reporter was talking to Mrs. George  
T. Cochran, chairman of the woman's  
part in the campaign, there came  
again that rattling of the thrift  
ghost for the women, too, fully  
appreciate that in thrift lies

the solution of the whole situation.  
After making this round among  
the leaders of the liberty loan cam-  
paign, the reporter dropped into  
his seat with a new determination  
that the Observer's columns also  
should sound down the colonades of  
Union county's homes and business  
buildings that sonorous cry "Save  
your dollars—Your son, husband,  
brother or sweetheart in yonder  
trenches looks to you and your kin  
for the sinews of war that Uncle  
Sam is sorely in need of to win this  
grapple in Europe; Be thrifty!"

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure catarrhal deafness,  
and that is by a constitutional remedy.  
Catarrhal deafness is caused by an in-  
flamed condition of the mucous lining of  
the Eustachian Tube. When this tube is  
inflamed you have a rumbling sound or im-  
perfect hearing, and when it is entirely  
closed, deafness is the result. Unless the  
inflammation can be reduced and the tube  
restored to its normal condition, hearing  
will be destroyed forever. Many cases of  
deafness are caused by catarrh, which is  
an inflamed condition of the mucous sur-  
faces. Halls Catarrh Medicine acts thru  
the blood on the mucous surfaces of the  
eyears.

**Mr. Grain Farmer:**

Are you prepared to handle your grain in bulk? Do not  
wait until Spring and Summer when you are buried with work  
and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class  
1000 bushel portable granary for \$54.58 and it will last for  
years. Sacks for the same amount of grain will cost you  
\$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be  
filled directly from the thresher, doing away with high priced  
labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for  
the protection of their very lives and perhaps your boy is  
among them.

Spend your money in your own valley by buying lumber  
manufactured at home. When you buy sacks part of the  
money goes to India.

**BUILD YOUR GRANARIES NOW**

Be prepared by building them before the farming season  
opens up. Be sure to get good lumber, well seasoned, as low  
grade lumber will give you trouble in a few seasons. Don't  
use green lumber.

Save money—keep what you spend at home—prevent loss  
and damage from exposure to weather—leave the sacks for our  
boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in  
other sections. One trip with a good team will haul the material  
for one granary. For particulars as well as prices on  
Union County lumber for all farm purposes, see
