is still very short; demand very keen, and quality nothing to speak of. Anything in the shape of a hog is bringing excellent prices. Hogs selling today at \$17 to \$17.25 wouldn't have had a look-in at 25c to 30c less than a week ago. Prime heavy hogs are selling from \$16.75 to \$17; pigs \$14 to \$15.25 and the bulk of hogs around \$17.

Sheep receipts for the day, none, with very few in the market for the previous part of the week. All kinds of ovine stock meets with ready reception by the buyers. Western lambs quote at \$15 to \$15.50; Valley lambs \$14.50 to \$15, wethers \$12.50 to \$13; ewes \$9 to \$12.

**Catarrahal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars Free. All Druggists, 76c.

**GOV. WITHEYCOMBE STATES HIS POSITION**

SALEM, March 21.—(Special).—Governor Withycombe today made public his "platform" upon which he seeks the republican re-nomination as the State's chief executive. The governor says: "If the people of Oregon are of opinion that I have served them faithfully, I should be pleased to receive a vote of confidence at their hands.

"The governor of the state has the ear of the people. It is therefore in his power to assist in creating and maintaining a healthy public sentiment on the many subjects which make for community welfare. I have been mindful of this fact, have mingled with the people and have done all in my power to promote the development of the state, to bring about the construction of good roads, to emphasize the importance of education and especially to maintain at white heat the devotion of the people to the great cause of liberty and democracy for which the country is fighting. If re-elected I shall continue to do everything I can to accomplish these ends.

"Oregon has given twenty thousand of her sons to the great world war. These men are the flower of our young manhood and we have no clearer duty than that of loyally supporting them, providing for their health and comfort and safeguarding their morals. I shall continue to render them every service in my power.

"Under our form of government the conduct of a foreign war devolves on the president of the United States, who is the commander-in-chief of the Army and Navy. I shall do everything in my power to assist the president in making the power of this country effective in the great world conflict. I shall particularly exercise my power and authority which I possess to promote a maximum efficiency in our local industries which are related to the war activities. At this time so important as that of winning the war. No sacrifice is too great if it looks to the triumph of the forces battling for international righteousness.

"I shall stand in the future, as in the past, for rigid law enforcement and for a cleaner and greater Oregon.

"Oregon is firmly committed to the principles of prohibition and equal suffrage and, while they are no longer issues in this state, I shall continue to give these causes my full support.

"Every legitimate phase of state development should be supported, but at this time when our country is engaged in the most terrible war in the world's history the most rigid economy in state expenditure should be observed.

"We have state problems of great magnitude to be worked out—for the increase of desirable population; for the encouragement of manufacturing enterprises; for the enlargement of flocks and herds of the best breeds; for the eradication of fruit pests and other destructive agencies in orchard and farm; for the general encouragement of productivity in all lines of endeavor; for the careful, intelligent handling of the several state institutions and their wards, observing as far as possible the best lines of modern treatment while at the same time securing for these and for every department of state business the closest possible economy.

"Domestic tranquility and business confidence are intimately related to the public welfare. I shall do all in my power to promote them. I note with pleasure the growing disposition of employers and employees to consider each other's rights and to adjust differences by
