SHERRY'S

WONDERPLAY SHOWS ALL NATIONALITIES.

Of vital interest to every American, whether of native or foreign parentage, is "The Slackers," Metro's great seven-act production de luxe starring Emily Stevens, to be seen at the Sherry Theater, last day today. Descendants of all nations are represented in this patriotic photodrama, which has been written and directed by that wizard of the screen, William Christy Cabanne. In turn are shown Frenchmen, Italians, Englishmen, Roumanians, Chinese, Japanese, etc., and then these massed together, dissolve into one huge American flag, flying free—

the true "melting-pot" of the nations.

The same universal spirit of patriotism is illustrated in the story of the production. Native-born Americans hasten to enlist in army and navy and "do their bit." A Chinaman, born here, offers his life to the country. A German lad, born abroad, decides to cast his lot with the land of his adoption. In one scene three thousand soldiers, with fixed bayonets, advance in a formidable mass to answer the call of Columbia. This is an entirely different picture from "The Slackers' Heart," shown here recently.

LOUISE LOVELY TO APPEAR

"Painted Lips," the Louise Lovely Production which will have its first run at the Star Theater on Sunday and Monday is a story of various settings. First we are introduced to a rough sailor man of as rough a ship, then into an underworld cafe, and lastly to a beautiful society home, in which Louise Lovely, the heroine, finds herself after a succession of interesting events.

Louise Lovely has the support of a splendid cast, among them being two leading ladies—Beatrice Van and Betty Schlade, both playing exceedingly interesting roles. They help a great deal toward making this an excellent production.

MAE MARSH IN CIRCUS ROLE

Mae Marsh does not aspire to adopt the life of the circus in reality, but if she had to she could perform creditably as a bareback rider as the result of training that was necessary in the production of "Polly of the Circus." Margaret Mayo's great play, which was screened as the first of the great Goldwyn's Pictures.

The Polly of Miss Mayo's famous drama is a bareback rider in the circus, so when Mae Marsh was selected for the role she was obliged to learn how to ride a horse without a saddle. Before she ever posed in weeks at practice until she could do some of the daring stunts required in the picture. Being fond of horses and inclined to athletics, she had little difficulty.

"Polly of the Circus" which will be presented at the Arcade on Monday and Tuesday, is the first of the Goldwyn productions to be seen here. In the near future such who plays as "The Auction Block," "Thats," and others will be shown at this popular show house.

HE IS KNOWN TO ALL

And Observer Readers Can Depend on What He Says.

READY FOR SERVICE.
Peter Biever and W. H. Safford Go For Examination.

Since the call for experienced trainmen for the Trainmen's division in France, La Grande's old-time railroad employes have been "champing the bit" as it were, to get in the game. Last night, Peter Biever, one of the best known engineers of the O.W. system, and Conductor W. H. Safford went to Portland to take the examination. If they pass, and it is believed they will, they will be ready for their country's call at any moment to go overseas, where they will run trains in France.

Weather permitting, there will be a street band concert Tuesday evening, March 26th, as a preliminary to the dance which the newly-formed Home Guard band will give that night. 3-18ft

Should profit by Mr. Larm's experience.

Mr. Grain Farmer:

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the thresher, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

BUILD YOUR GRANARIES NOW

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see

"Stop Long Enough To Think"

Don't buy a tractor without first looking it over. Take the same good, careful study that you would if you were buying a horse. Look it over carefully, size it up in your own mind what you want a tractor to do. You wouldn't think of buying a pony team to pull a big load. Some people today are doing this very thing in buying small tractors. It is very easy to over-rate a tractor when you want to make a sale, so "stop, look and listen" before you buy. Buy a tractor which has been tried out and has a good reputation. Samson and Rumley tractors are in a class to themselves so far. They are the kind that show up pulling in the field—and that is where the showdown comes. Some tractors show up nicely on pavement or hard roads, but not in the field where the work is to be done.

Don't forget our Grain Beds. 125-bushel Bed, Seat and Brake for \$80.00. Think of it.
