### MT. FANNY GRANGE MEETS AT COVE

COVE, March 27.—(Special)—With a quota of one-sixth of a ton Cove has again gone "over the top" in securing for the Belgium Relief more than double her quota or 720 pounds of clothing which were duly shipped to Belgium Relief headquarters. The drive was directed by Mrs. Hugh McCall, ably assisted by Mrs. C. C. Pratt, Mrs. Royal Allen, Mrs. Elmer Pulp, Mrs. Ostdahl, Mrs. Roy Bell, Mrs. Robt. French and Miss Ada Geer.

The Red Cross are moving their headquarters from the home of Mrs. Hugh McCall to the old hotel building. Mr. Dunham Wright having generously offered the use of the west wing of the building for Red Cross purposes.

Miss Birdie Bell is visiting her sister, Mrs. Clyde Robinson, in Pendleton and will probably remain there through the summer.

Elmer Pulp and Mr. Lawson have taken 1200 head of cattle back on the big Minam. Ben Duffy and W. D. Foreman went with them.

Lee Motley, who is clerking in the Forstrom store at North Powder, was a Cove visitor this week.

Rev. and Mrs. E. O. Otts and daughter, of La Grande, were Cove visitors the latter part of the week. The Rev. Otts occupied the Baptist pulpit both Sunday morning and evening.

Mrs. Prillman went to Union Monday to the home of her sister, Mrs. S. E. Miller, to help care for Misses Elida and Bethine Miller who are quite ill with the measles.

Mr. and Mrs. H. L. Becker and L. V. Johnson and family were business visitors in La Grande Wednesday.

Miss Mildred Jones, of Union, is visiting in Cove.

Ernest Organ made a business trip to Union Friday.

S. W. Kogor, of La Grande, is visiting at the Harlan Kogor home.

Many of the farmers have commenced their spring work. Fall grain is looking fine.

Nathan Daron and Eddie Meroney were La Grande visitors Friday.

There is still a number of cases of measles among the school children. The disease seems to be in a light form this year.

Geo. Anderson and family have returned to their home in Hog Valley.

Phillip Lockwood has returned home for the summer from Los Angeles where he has been taking a business course, specializing in telegraphy and shorthand.

Mrs. T. H. Conklin and two daughters, Marlon and Clarice, have returned from their visit in Boise and Weber, Idaho. While in Boise they were fortunate in hearing the celebrated Melba.

Mrs. Lou Paine has moved from town to her house north of town.

Mrs. B. E. Anderson has returned home and reports a very pleasant winter spent in Oklahoma. Mr. Anderson met her en route and returned with her.

Mr. Fanny Grange Meeting.

Mr. Fanny Grange met at regular session at Grange hall Saturday, March 16, with a good attendance. Two applications for membership were received a good dinner served and arrangements for a picnic social were made for the following Saturday evening. There were three good speakers in attendance who helped materially in an interesting and instructive program as follows:

Song—Grange.

Roll Call—"What suggestions have you to offer for the help of the lecturer?"

Recitation—"My World," Miss Ethel Daron.

Address—"Control of Rodents," Paul Spillman, county agriculturist.

Recitation—"War Bread," Marion Daniels.

Address—"Cherry Slug," A. B. Black, special field agent U. S. D. A. bureau entomology of Corvallis.

Vocal Solo—"Somewhere in France is Daddy," Mrs. Lynn Chadwick.

Address—"Smut in Grain," A. O. Muir, field assistant U. S. D. A. bureau of plant industry, Corvallis.

Grange Sentinel—Miss June Chadwick.

CALL MAIN 35

various times with corn grown and selected by them. They will be some of Union county's corn men of the future. Besides these there are men at Union and Cove and also around Summerville that mature some corn for seed most every year. Lawrence Bros., of Cove, and W. M. Eubanks, of Summerville, being some of the older corn men in their section. And it may be of interest to know that some of the dent varieties have been matured in the Cricket Flat country. Bernal Hug, J. Wickens, Mr. Basler, Mr. Coe and others have by careful selection been able to have seed that will gradually become acclimated.

On the other hand we do not expect to be able to grow corn as they do in Iowa but we can in a large part of the county grow corn for fodder and ensilage purposes. The use of acclimated seed will help much in bringing this about. However we do not expect to be able to grow corn in a frost pocket in Oregon any more so than they can anywhere else. We must use judgment and where we are in doubt try it out on a small scale.

### A Bilious Attack

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.—Adv.

### Fishermen Must Have License.

J. W. Walden, deputy game warden, announces that the report that fishing licenses will not be required this year is a great error. Licenses will be required as usual and under the same regulations. Another thing to be stated under this head is that Cat fish, or any other fish, are not excluded from the license regulations.

### LOTS OF SEED CORN

Union County Farmers Have Made Successful Experiments

(By Paul H. Spillman)

It may be of interest to know that although Union county is not supposed to be a corn country, still several tons of seed corn were matured and saved during the past season. The impression still is quite prevalent that we can not produce our own seed corn. However, this is rapidly being disproved. In fact, Wm. Amon of La Grande has been maturing seed of the Minnesota No. 23 field corn for seven years, the corn (30) he now raises being from the original that he secured several years ago. J. B. Stoddard has been maturing a large growing corn for three years. E. D. Whiting of La Grande has been maturing Minnesota 13 for several years, while his neighbors, J. W. Nebeker and Albertable show up at the State Fair at

Folk, have matured a considerable quantity of corn of this variety the past season. Any of the above mentioned parties have a surplus of seed on hand, so that anyone wishing to grow corn need not send outside the county for seed.

Chas. Hayle saved enough seed for his own use this year and for one or two parties that spoke for seed last fall. G. G. Taal grows his own seed of Minn. 23 corn, which he grows for fodder each year. The Smooths boys have been producing their own seed corn for several years. Minn. 13 being the variety they have been growing for some time. I believe that Chas. Smooths is one of our oldest young corn growers in the county with his brother Doe and Earl Dial a close second. They have not only grown corn but know good corn when they see it and have all made a creditable showing at the State Fair at

### Goodyear Service Station

Are you prepared to handle your grain in bulk? Do not wait until Spring and Summer when you are buried with work and worried with labor shortage, but build your granaries now.

You can buy the lumber and roofing paper for a first-class 1000 bushel portable granary for \$54.58 and it will last for years. Sacks for the same amount of grain will cost you \$125.00 and this would be a dead loss against this year's crop.

A granary of this size can be moved anywhere and can be filled directly from the threshing, doing away with high priced labor handling and sewing sacks.

The boys in the trenches need the sacks for sand bags for the protection of their very lives and perhaps your boy is among them.

Spend your money in your own valley by buying lumber manufactured at home. When you buy sacks part of the money goes to India.

**BUILD YOUR GRANARIES NOW**

Be prepared by building them before the farming season opens up. Be sure to get good lumber, well seasoned, as low grade lumber will give you trouble in a few seasons. Don't use green lumber.

Save money—keep what you spend at home—prevent loss and damage from exposure to weather—leave the sacks for our boys in the trenches; help win the war by building granaries now.

Portable granaries of this type are universally used in other sections. One trip with a good team will haul the material for one granary. For particulars as well as prices on Union County lumber for all farm purposes, see
